Subject: Fines and Fees Policy – 2<sup>nd</sup> Review

## **RECOMMENDATION:**

That the Hamilton Public Library Board approve the attached Fines and Fees Policy.

## FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The vast majority of the Library's funding is from the City's municipal contribution (about 94%). The second largest funding source is from provincial and federal grants (about 4%). The remainder, or about 2%, relates to general fees predominantly made up of Fines and Fee revenues.

It is important to balance Library Fines and Fees so that they remain low enough so that they do not become an obstacle to library use and accessibility but also high enough so that appropriate costs are recovered and deterrents are in place to prevent misuse of library resources such as fines for overdue and lost materials.

#### **BACKGROUND:**

Fines and fees remain an important source of revenue for HPL. The following chart illustrates the top revenue lines from 2016 (not including grants from other levels of government or third party contributions):

Source	Amount
Fines and Fees	\$342,991
Printing/Photocopying	\$122,662
Book Sales	\$17,815
Merchandise & DML Fees	\$10,933
Room Rentals	\$6,357

The proposed Fines and Fees policy combines the following three Board level policies, and one Administration level policy as a means of creating a cohesive and comprehensive guiding document:

Page 2 of 3 Attachment # 5.2

- Fines Policy (initially approved in 2002 and last revised in 2010)
- Fines and Fees Schedule Policy (initially approved in 2002 and last revised in May 2016)
- Damaged Materials Policy (initially approved in 2001 and last revised in 2013)
- Lost Material Policy, Administration level. (initially approved in 2001 and last revised in 2016)

The key elements of plain language are applied to this policy. As an electronic document, "anchors" and links to URLs will be embedded in the document to assist readers in finding key information.

## **R**EPORT

The policy was presented for 1<sup>st</sup> review at the February Board meeting. There were a number of minor spelling and grammatical errors that were identified and have been corrected in this report.

The combined policies do not have any major policy changes. The Room Rental rates in this policy need to be updated to reflect the changes to the Hamilton and Wentworth Room at Central Library. The room rental rates have not been changed since 2007 and were reviewed against City comparators. The following changes are recommended:

## **Central Library**

- The renovated Hamilton Room has the capacity of the previous Hamilton-Wentworth combined rooms. The current Not-for-Profit rate is slightly more than the City comparator but in light of the renovations, it is felt that this rate can remain the same at \$90 and \$180 for four and eight hour rentals respectively.
- The Hamilton Room's regular rate (for profit) is low, based on the City comparator. It is recommended that it be raised to \$200 for a four hour rental and \$400 for 8 hours rental. Currently, it is \$135 and \$270 for a four and eight hour rental.
- The Wentworth Room has the same capacity as the branch locations but due to its downtown location, it is suggested that its rate of \$75 and \$150 for four and eight hour rentals remain the same. No change of rate is suggested based on room setup.

#### **Branches**

- Branch Not-for-Profit rates are similar to City rates and it is recommended that they remain the same.
- Branch Regular (for profit) rates are slightly below City comparators. It is recommended that they be increased from \$60 to \$70

It is noted that the Dundas Branch is not able to rent its room at its current temporary location. The rate is to be applied once it re-opens. It is anticipated that

Page 3 of 3 Attachment # 5.2

the new rates for the room rental will go into effect at the beginning of the month following  $2^{nd}$  reading or board final approval (e.g. April 1, 2017). In April, the Board will receive an Annual Report on Revenue Generation.

The materials and material supply replacement charts have been consolidated into general categories to make it easier for customers to interpret. The base Interlibrary loan replacement rate was lowered from \$50.00 to \$25.00 which is more reflective of the actual average. The Interlibrary loan replacement rates paid by customer are adjusted by item to reflect the actual replacement charge from the lending library.

## **Fines and Fees Policy**

Policy Level: Library Board

Author: Director, Public Service Partnerships & Communications; Director Finance & Facilities

**Review Period:** 4 years **Approved:** Draft March 2017

## **Policy Purpose:**

To ensure that staff and the public are aware and can easily access the parameters regarding fines, and fees for a variety of services, as well as the associated costs of replacing damaged materials.

## **Key Point Summary:**

- The Library charges fines for physical materials returned late and has different fine levels based on the type of Library material a customer borrows
- Borrowing privileges for physical items are suspended once a fine limit has been reached
- Customers will be billed and the Library uses a collection agency for overdue accounts that exceed an established threshold
- Customers have different options on how to pay fines
- A summary of fines and fees is provided for the following categories:
  - Fines for materials
  - Local History & Archives image reproduction fees
  - Non-resident fees
  - o Printing and photocopying fees including Makerspace
  - Replacement costs of lost or damaged materials
  - Room rental fees
- Fines and fees are set by the Library Board as stipulated by the Public Library Act.

#### **Definitions:**

- Library fines are small daily charges that are applied to a borrower's card after a book or other borrowed item is kept past its due date.
- Fees are charges related to replacement fees, service fees, items or room rentals.

## **Policy Details:**

Hamilton Public Library charges fines on overdue materials to encourage customers to return items on time. Any fine revenue raised is added to the library's operating budget.

Fines are charged on overdue materials up to a maximum amount per item based on Library card type. Customers will be billed if materials are not returned within a set period of time. The library does pursue overdue accounts with a collection agency for accounts that exceed the established threshold.

Please note that fines are charged on late materials on a calendar day basis at all locations. Fines are not charged on materials borrowed with Access cards with the exception of Express Items or video games. It should be noted that Access card holders have reduced borrowing privileges with this card. See <u>Borrowing Policy</u>

Staff members are encouraged to use their discretion to waive or reduce fines in such cases as illness, hospital stays, accessibility issues, etc. Staff members will refer to their Manager for extenuating and complex situations.

## **Lost / Damaged Materials**

Customers are responsible for lost / damaged materials and are required to pay the replacement cost. Associated fines are not applied.

The replacement cost for items is an average replacement cost for each material type as outlined below. Customers are charged for damaged or missing elements of borrowed materials – see Materials Replacement Fees, below. The Hamilton Public Library does not add any processing fees to the replacement costs of lost or damaged material.

Items cannot be returned after three (3) months of the due date. If found after three (3) months, borrowers are asked to pay the replacement cost and keep the item.

**Substitutes -** Hamilton Public Library does not accept substitutes for lost or damaged material in lieu of replacement costs.

**Supply Fees -** When cases and processing supplies of a returned item are damaged, the customer will be charged based on the replacement costs listed in the table below.

**Interlibrary Loans -** \* The Interlibrary Loan rate listed is the rate assigned at the time the item is determined lost or missing. Customers are responsible for the full rate charged by the lending Institutions and rates are adjusted as the customer is invoiced.

**Equipment Loans -** When Makerspace equipment and supplies are damaged or lost, the customer who booked the equipment will be charged based on the replacement costs listed in the table below.

Subject: Diversity and Inclusion Policy (2<sup>nd</sup> Review)

## **RECOMMENDATION:**

That the Hamilton Public Library Board approved the attached revised Diversity & Inclusion Policy.

#### FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The policy is consistent with the Ontario *Human Rights Code* and supports library environments free from discrimination and harassment.

#### **BACKGROUND:**

The Hamilton Public Library is committed to providing library services to all members of the community in a welcoming and inclusive environment. In 2015 the Board approved a new Diversity & Inclusion Policy which provided a clear vision of how we incorporate diversity and inclusion in all that we do as a public library. To ensure the rationale is clear, and to provide an example, a description of how religious seasonal displays will be approved is embedded in the policy.

The 2015 policy included the Statement on Diversity and Inclusion as set out by the Canadian Library Association (CLA). On February 1, 2017 the newly formed Canadian Federation of Library Associations (CFLA) adopted these same principles and issued a position statement on Diversity and Inclusion. The revised policy reflects that change.

There is a need for clarification regarding how the library strives to ensure our facilities are welcoming and inclusive spaces in the community. A recent case in Hamilton highlighted the need to ensure that policies and practices are consistent with the Ontario *Human Rights Code*. The City has developed transgender and gender non-conforming protocols that we are using to inform our response. The core elements of our proposed approach are:

- Where it is practical we are turning individual and family washrooms into universal washrooms that are not designated for a specific gender.
- Our staff training, procedures and signage will clearly establish that individuals have the right to self-identify their gender and have access to washrooms of their choice.

Page 2 of 3 Attachment #5.3

## **DIVERSITY AND INCLUSION POLICY**

Policy Level: Library Board

**Author**: Director Public Service, Chief Librarian/CEO

**Approved**: May 2015, Draft March 2017

## **Policy Purpose**

The Hamilton Public Library is committed to fostering an environment of understanding and respect.

## **Key Points Summary**

- HPL affirms the dignity of all individuals and we foster social inclusion
- HPL endorses CFLA's Statement on Diversity and Inclusion
- HPL strives to be inclusive in all aspects of our work including services, collections & facilities

## **Policy Details**

The Hamilton Public Library is committed to fostering an environment of understanding and respect. The Hamilton Public Library Board endorses the Canadian Federation of Library Associations (CFLA) Statement on Diversity and Inclusion.

Libraries strive to deliver inclusive service. The Hamilton Public Library recognizes and affirms the dignity of those it serves, regardless of heritage, education, beliefs, race, income, religion, gender, age, sexual orientation, gender identity, physical or mental abilities.

The Library is committed to fostering an environment of respect, understanding and accepting of differences.

- The Hamilton Public Library makes diversity and inclusion a priority in planning and decision making for staffing, collections, service development and facilities. In all libraries individuals have the right to self identify the washroom most appropriate for them.
- The Hamilton Public Library acts to ensure that people can enjoy services free from attempts by others to impose values, customs or beliefs.
- In the spirit of diversity and inclusion for all members, the Hamilton Public Library will permit the exhibit of displays and provision of programs that fit into the location's communities at the appropriate times (e.g. seasonal Christmas displays, menorahs displayed during Hanukkah, program celebrating other cultures or religious backgrounds).

## Canadian Federation of Library Associations Position Statement on Diversity and Inclusion

The Canadian Federation of Library Associations (CFLA-FCAB) believes that a diverse and pluralistic society is central to our country's identity. Libraries have a responsibility to contribute to a culture that recognizes diversity and fosters social inclusion.

Page 3 of 3 Attachment #5.3

Libraries strive to deliver inclusive service. Canada's libraries recognize and energetically affirm the dignity of those they serve, regardless of heritage, education, beliefs, race, religion, gender, age, sexual orientation, gender identity, physical or mental capabilities, or income.

Libraries understand that an acceptance of differences can place individual and collective values in conflict. Libraries are committed to tolerance and understanding. Libraries act to ensure that people can enjoy services free from any attempt by others to impose values, customs or beliefs.

## RECOMMENDATION

That the Hamilton Public Library Board receives this report for information and comment.

## FINANCIAL/STAFFING/LEGAL IMPLICATIONS

Staffing libraries is a key driver of our operating budget. Library service hours are approved by the Library Board and can change when circumstances require.

#### **BACKGROUND**

This report is a follow-up to the February 2017 report on Library service hours. The February report identified several follow-up actions, including:

- **Principles and Priorities for Addressing Service Gaps** –We are looking for feedback on the principles and priorities identified in this report. The intention is to refine the report and bring it back to the April meeting for approval.
- **Branch Metrics Reports by Hour** Appendix II of this document provides that information. Locations have been grouped by activity level.
- **Six Month Implementation and Progress Reports**: A reminder the proposed timelines for the reports addressing service gaps are:
  - o May/June 2017
  - o November/December 2017
  - o May/June 2018
  - o November/December 2018

In addition to the planning context outlined in the February 2017 report, the following principles will be used to address service gaps in Library hours.

## **PRINCIPLES**

Several factors need to be considered when making changes to public service hours. The following Principles will be considered when making recommendations to address service gaps:

- 1. **Geographic Balance -** The Hamilton Public Library provides library service to all parts of the City of Hamilton, an area 1,138 km in size. Library service hours will be balanced to ensure equity between different regions of the City.
- 2. **Patterns of Use and Service Priorities** Current metrics of usage will be used to develop library service hours that promote overall usage of the Library and

Page 2 of 4 Attachment #6.1

supports meeting the Library's service priorities. Key metrics to assess the success of library service hours are: physical circulation, in person visits, computer and Wifi usage. HPL has committed to providing a range of services for all ages. Within established service hours, programs will be scheduled to ensure they meet the needs of target populations. Program attendance is the primary metric used to evaluate the effectiveness of program scheduling.

- 3. **Prioritizing Higher Need Communities** There are significant economic and health disparities between different parts of the City. Improving service in communities with higher needs will be a priority.
- 4. **Shared Facilities** Increasingly, libraries are being located in shared facilities as recommended in the Facilities Master Plan. The service hours of partner agencies will be a factor considered.
- 5. **Sustainability** Before committing to changes in service hours, we need to have a high degree of confidence that the hours can be maintained assuming current funding and staffing levels. We also need to factor in staff schedules and ensure the workload created is reasonable and sustainable.
- 6. **Simplicity and Consistency** Library service hours should not be overly complex or confusing to communicate. Also, special consideration needs to be given if we are proposing shifting service hours to other times. This will likely cause frustration for some existing customers.
- 7. **Community Feedback** Ward Councillors and the community will be consulted on changes to Library hours. This will be especially critical if the decision is made to shift service hours to another time instead of simply adding hours.

## SERVICE GAP PRIORITIES AND OPPORTUNITIES

As more people from other parts of the GTA (Greater Toronto Area) move to Hamilton we need to ensure our service hours meet an acceptable standard. The following are a list of service gaps and some opportunities that could help supplement core service hours:

- 1. **Closed Days** All locations except for Central and Turner Park are closed on either a Monday or Friday. This is the gap most noticed and commented upon.
- 2. Sunday Service We currently have four locations open on Sundays. Sunday hours currently run from September (weekend after Labour Day) until the end of April. Extending Sunday service at the four locations until the end of the school year in June would be a welcome change. Expanding Sunday service to other locations is another option although this could take significant resources and would need to be geographically balanced.
- 3. **Friday Evening Service** All locations that are open on Friday close at 6 pm. In parts of the City where DVD usage is still very strong, staying open later would assist families and individuals with getting their weekend entertainment.

Page 3 of 4 Attachment #6.1

Saturdays are our busiest days and staying open later on Friday might shift some of that usage.

- 4. **Rural Service Hours** Locations serving small populations currently have limited hours. The service hours in the rural model is being addressed in the Rural Service Pilot project.
- 5. **Expanding Study Hall Hours** We have had a successful pilot at Terryberry of staying open late during exam periods to provide quiet study space for students. The Library stays open until midnight with a security guard supervising. Expanding when and where this service is offered could complement our overall service hours but should not be considered a substitute.
- 6. **Other Local Gaps** Appendix I shows the current schedule of Library hours. Some of our mid-sized branches could have improved hours. For example, Barton is only open Tuesday and Thursday evening.

# Weekly Branch Behaviour

Hamilton Public Library – 02/2017

## Reference Index

## Circulation & Demographics

- ✓ 2016 Demographics based on all Virtua physical circulation from 2016 and customer profiles that include a date of birth
- ✓ 2011 Census Data is based on postal codes by branch. This will be updated as 2016 data becomes available

## Physical Circulation

- ✓ Collected from the ILS.
- ✓ Branch data does not include online renewals

## Visitor Count

- ✓ RFID gate data where available
- ✓ Quarterly manual counts for: BI, CA, FR, GR, MH, VP, LO
- ✓ Averaged 4 samples over the year all data

## Computer Use

- ✓ Sessions on terminals as recorded by smart login manager
- ✓ WA and CE have had large computer labs installed during the 2012-16 period

## Average Hourly Activity

- ✓ Visits, Circulation and Computer Sessions all derived from a quarterly week samples
- ✓ Wi-Fi data relies on a 3 month sample
- Data is averaged over all days of the week

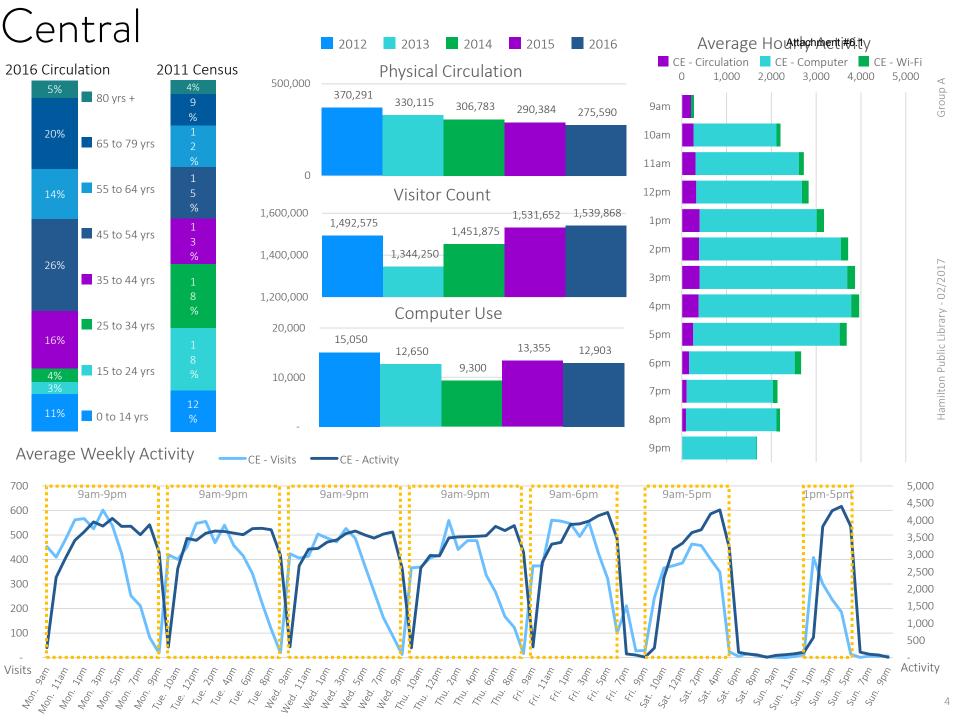

## Hourly Visits & Activity by Day

- ✓ Hourly activity by day is an aggregation of the Circulation, Wi-Fi Sessions and Computer Sessions
- ✓ Visit data is derived from RFID gates and pulled by hour and averaged except where unavailable (BI, CA, FR, GR, LO, VP and MH)
- ✓ Manual quarterly count is averaged by hour for branches where gates are unavailable
- ✓ RFID visits, manual counts and Computer sessions are sampled from 4 weeks chosen as typical weeks from each quarter
- ✓ Wi-Fi data relies on a 3 month sample.

# Group A

Activity levels higher than 3000 per hour Visits per hour higher than 500 per hour

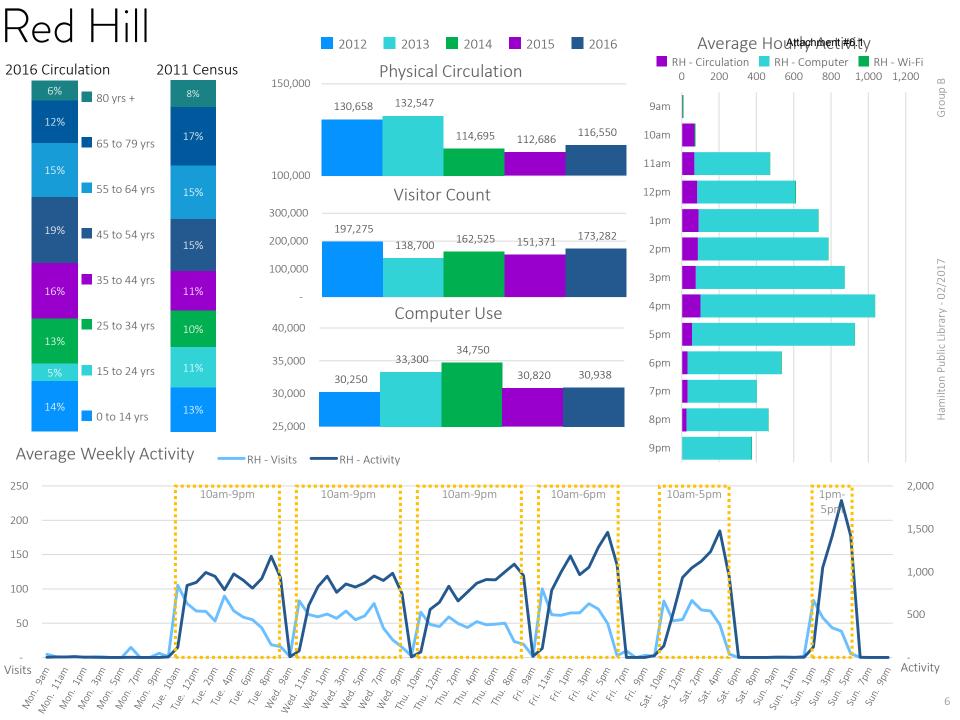

Branches: Central

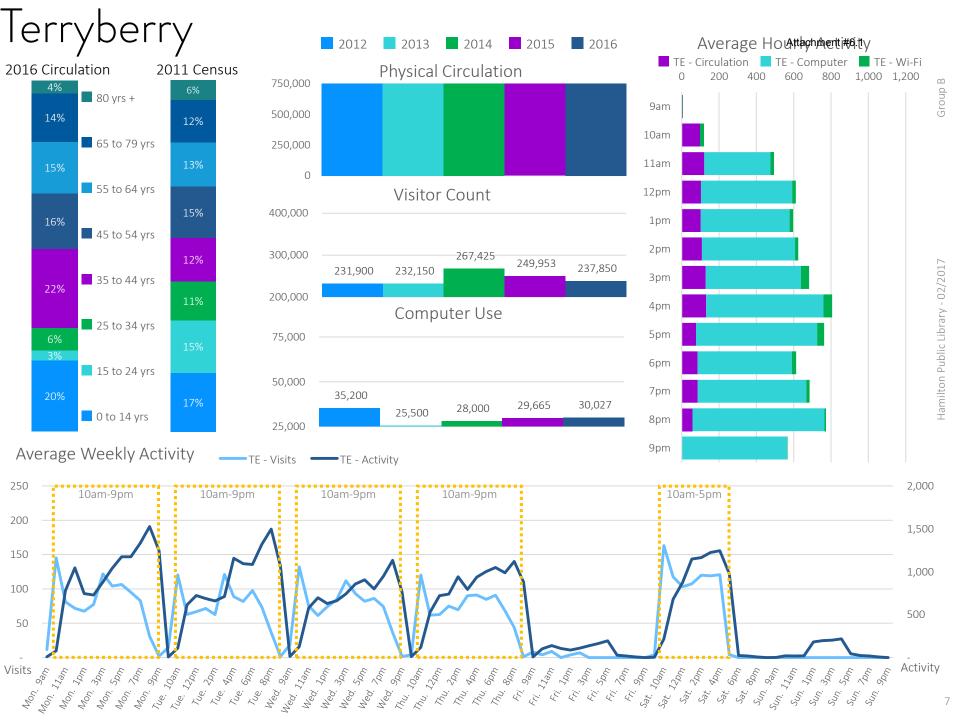

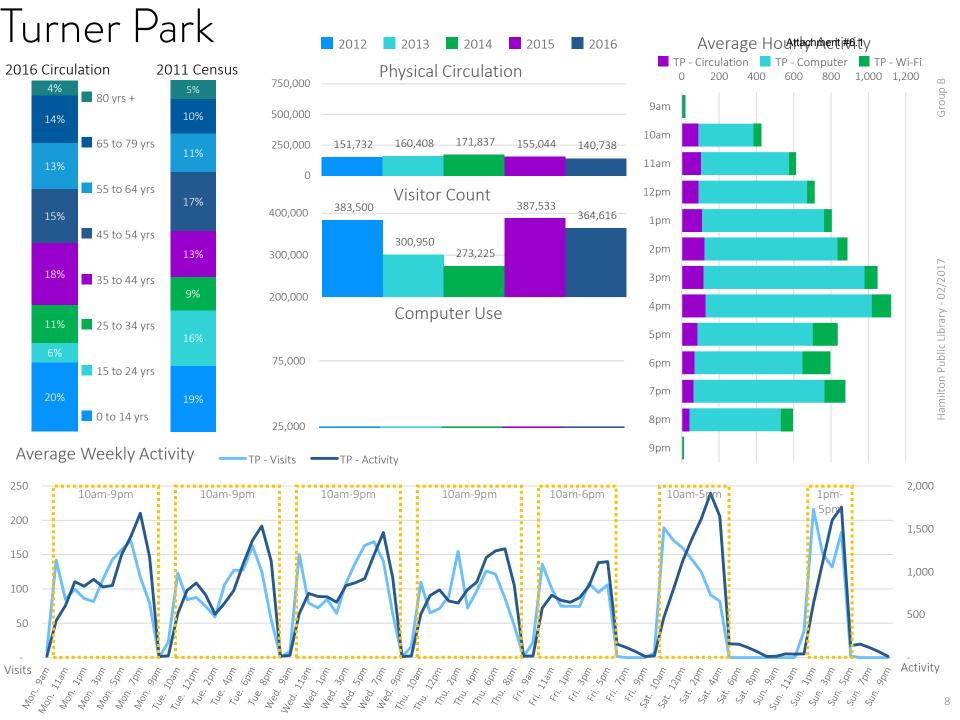

# Group B

Activity levels higher than 500 per hour Visits per hour between 75 and 150 on average.

Branches: Red Hill, Terryberry, Turner Park

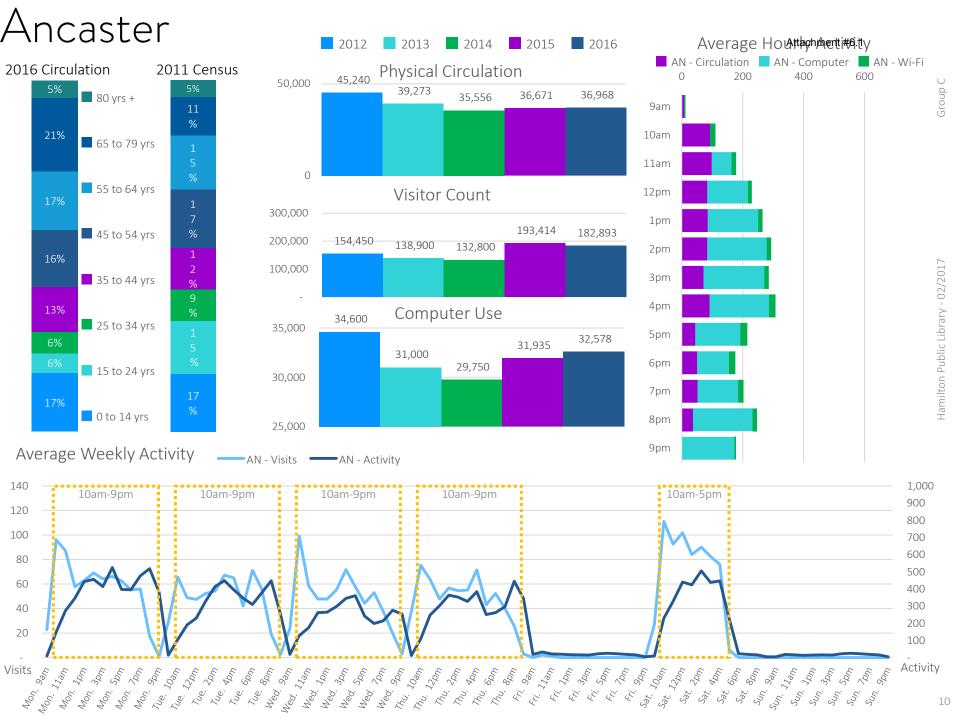

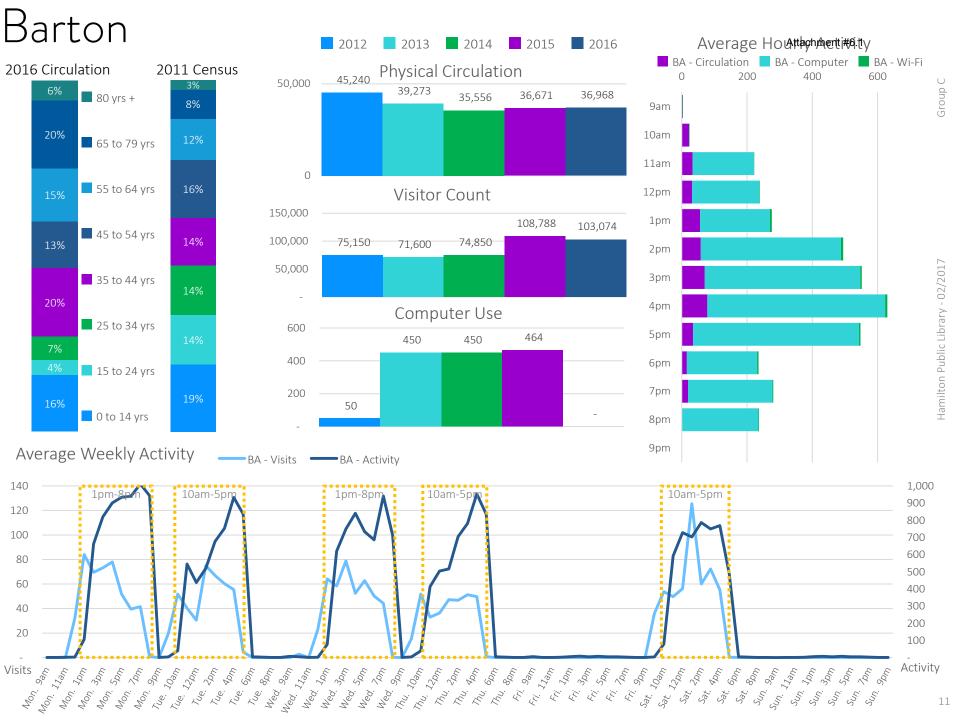

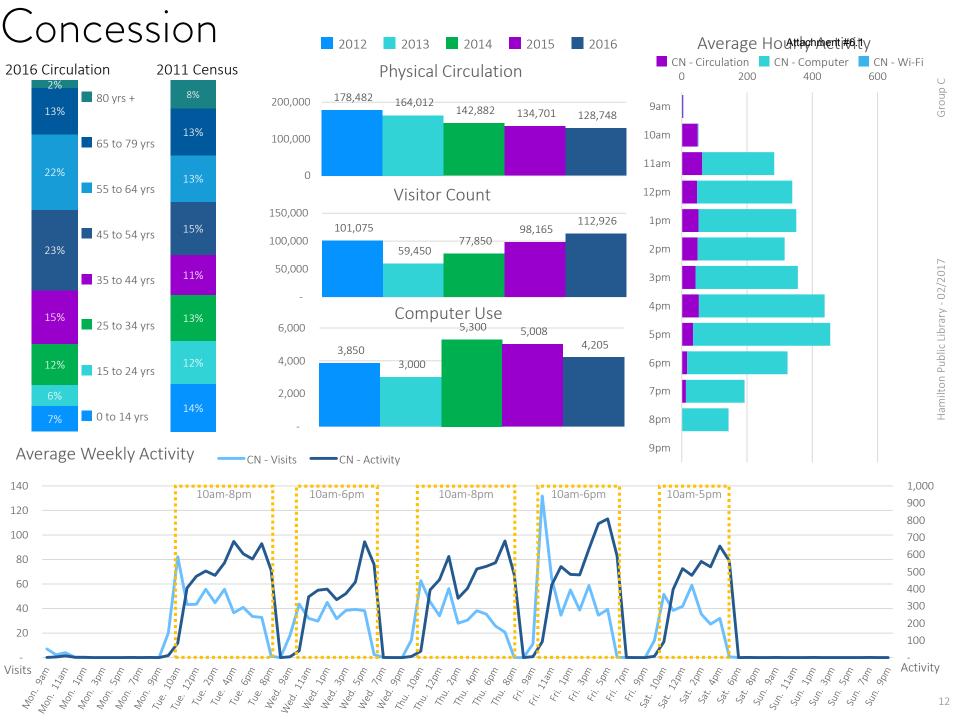

# Group C

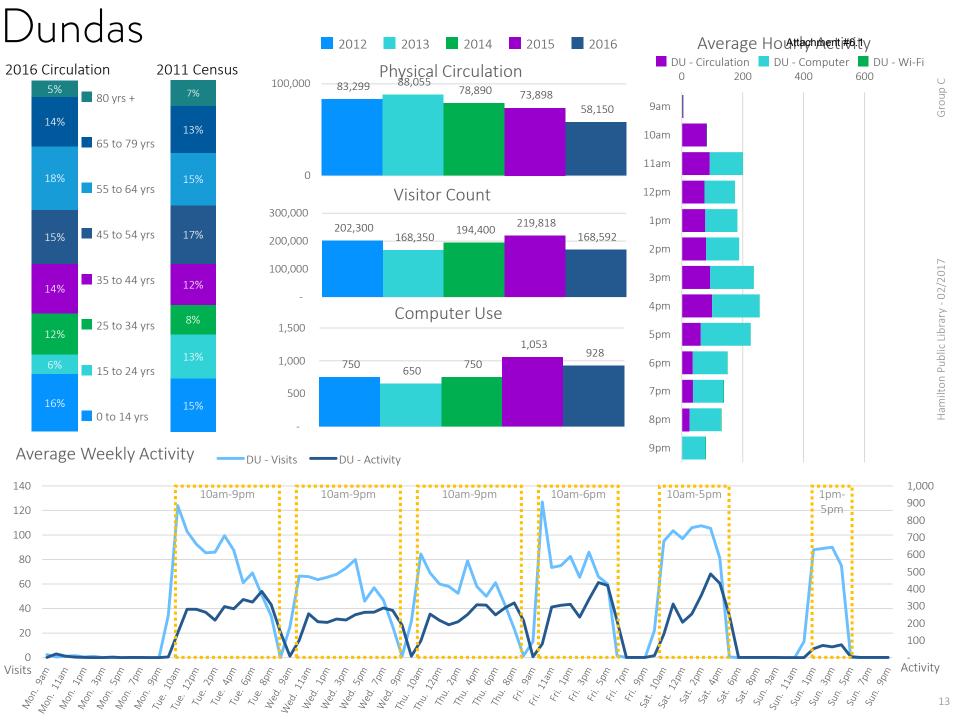

Activity levels average higher than 60 per hour but less than 500 Visits per hour between 40 and 140

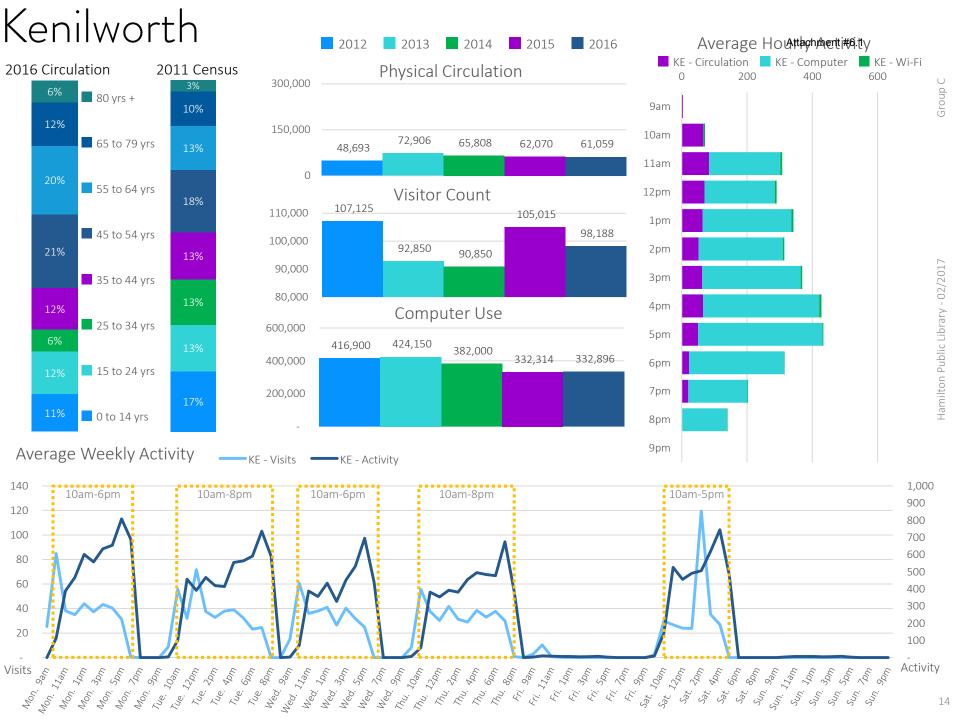

Branches: Ancaster, Barton, Concession, Dundas, Kenilworth, Saltfleet, Sherwood, Valley Park, Waterdown, Westdale

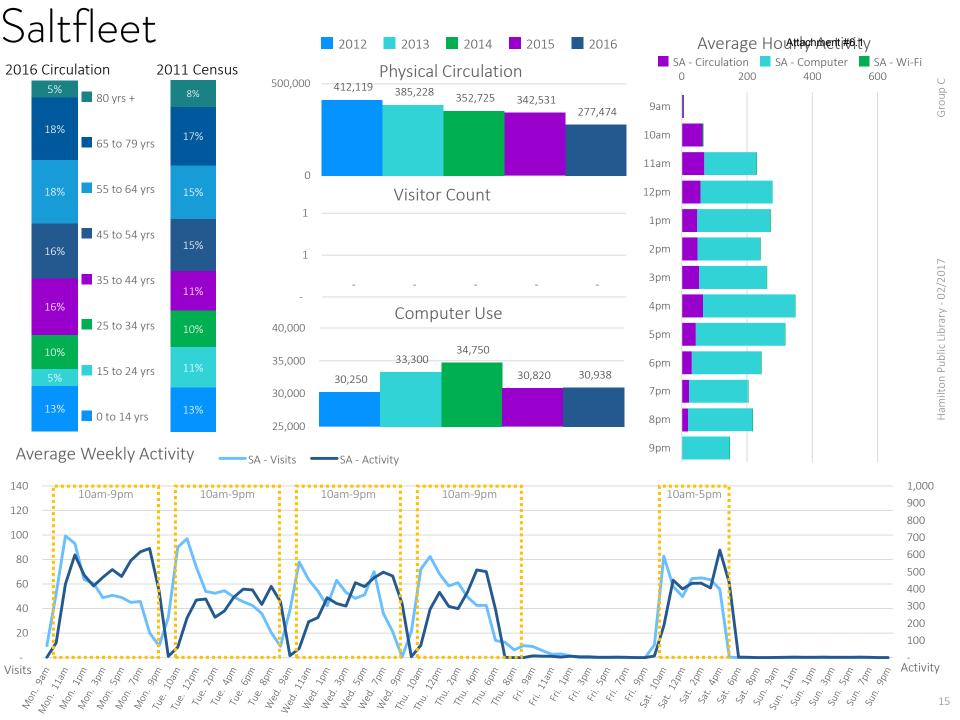

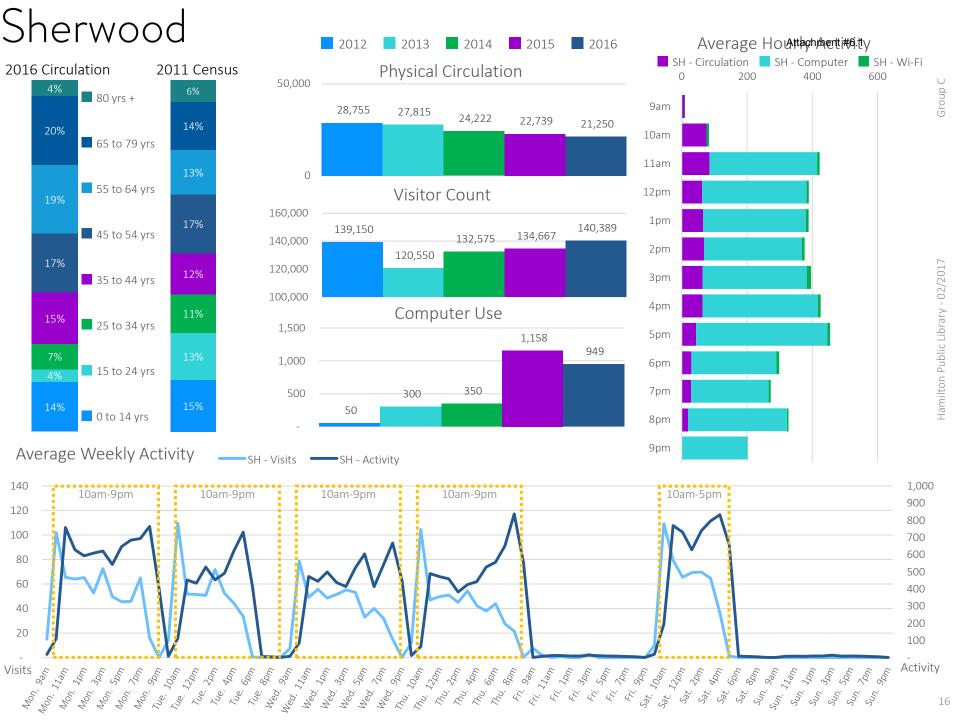

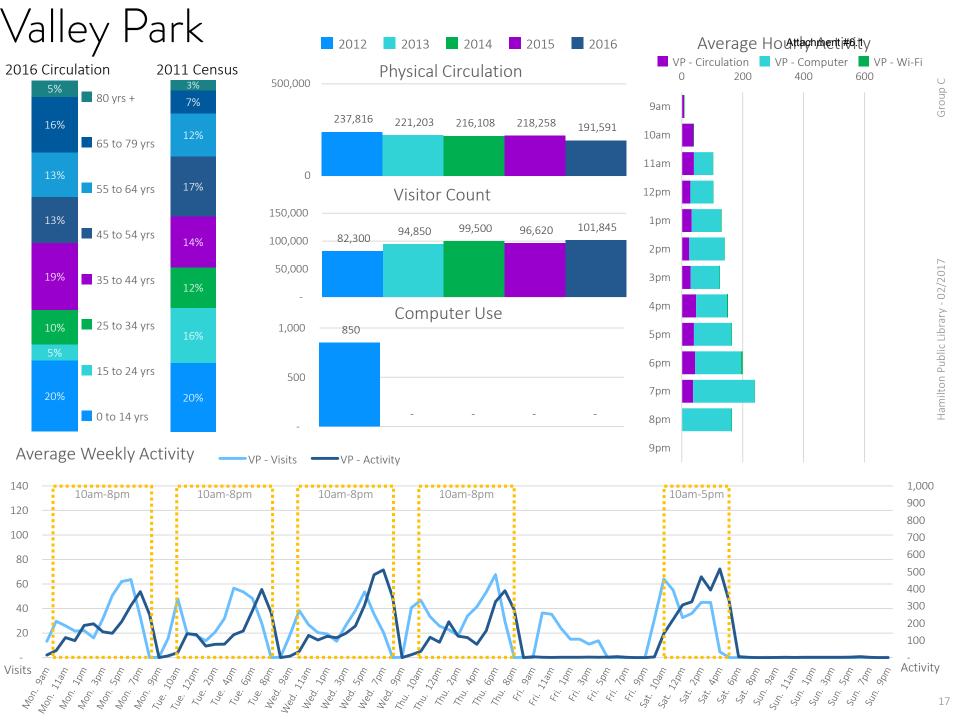

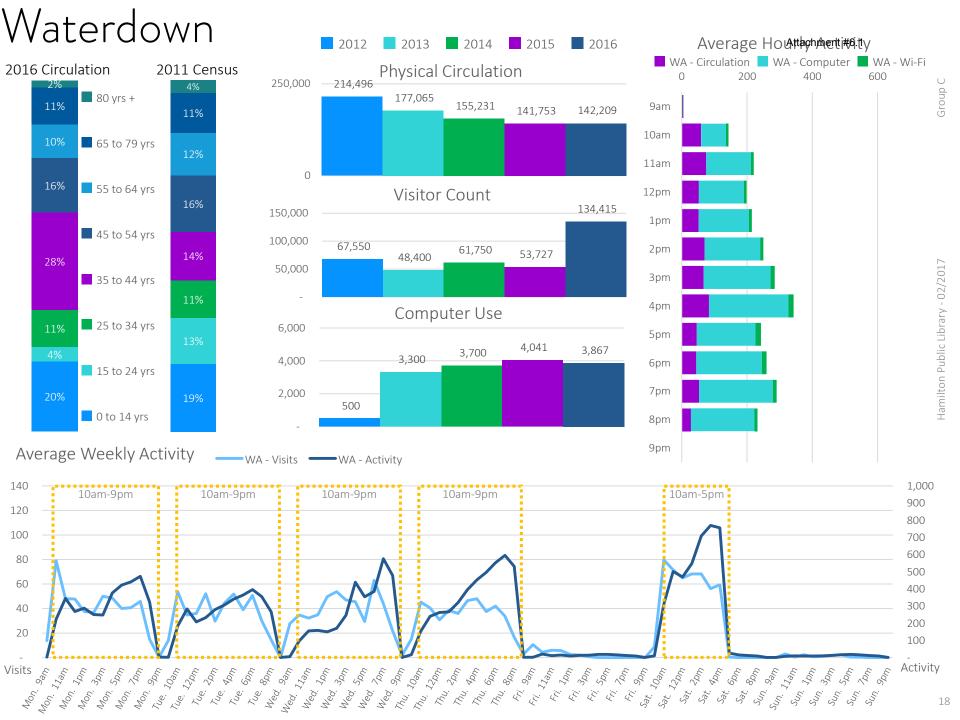

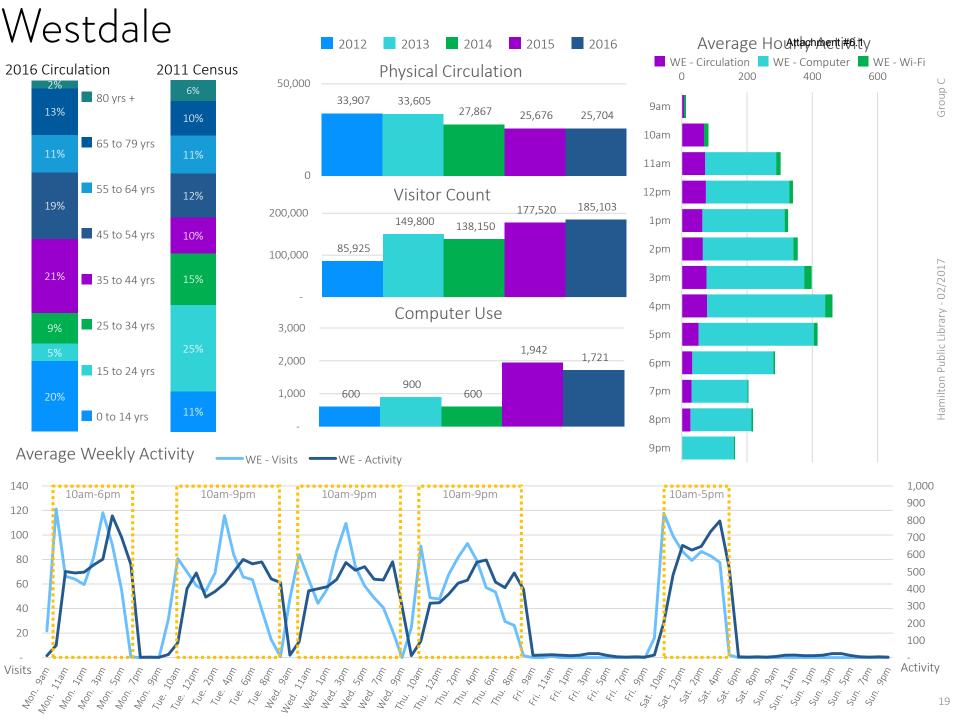

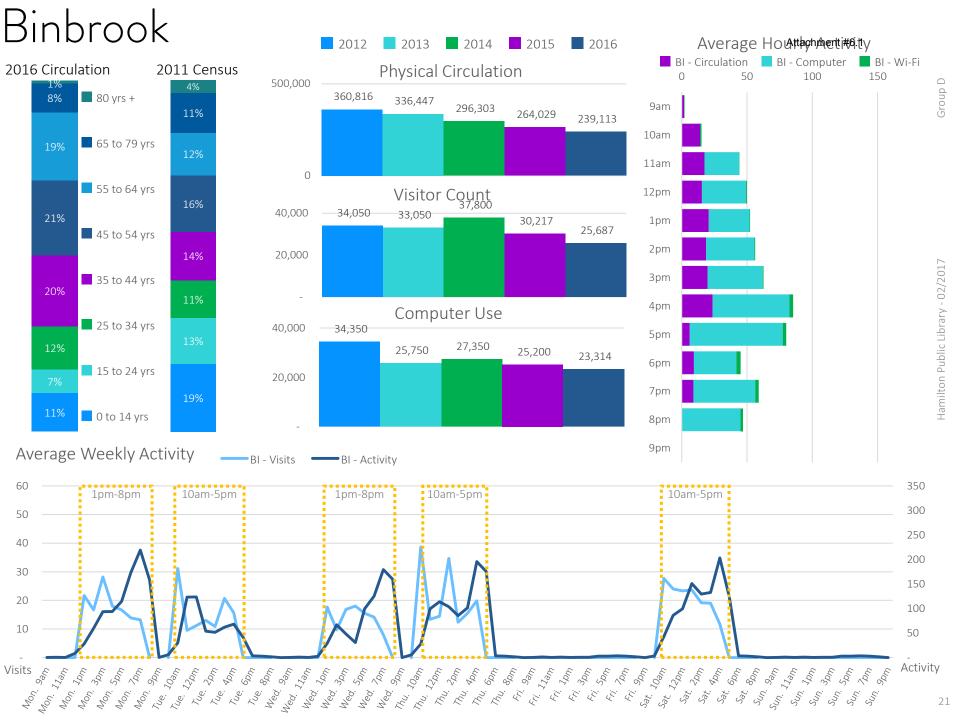

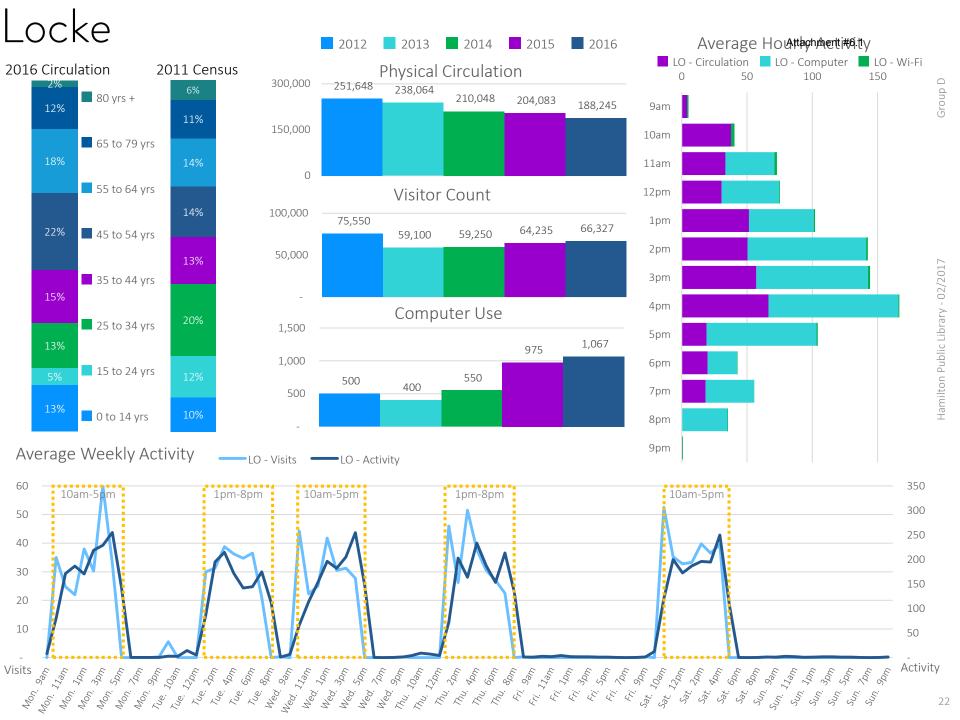

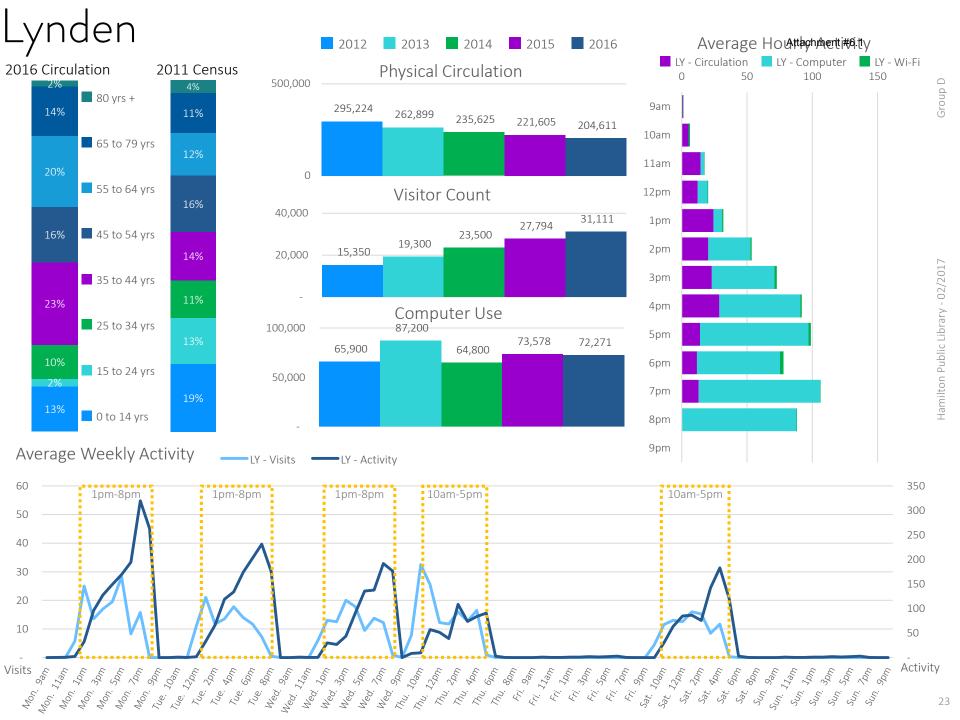

## Group D

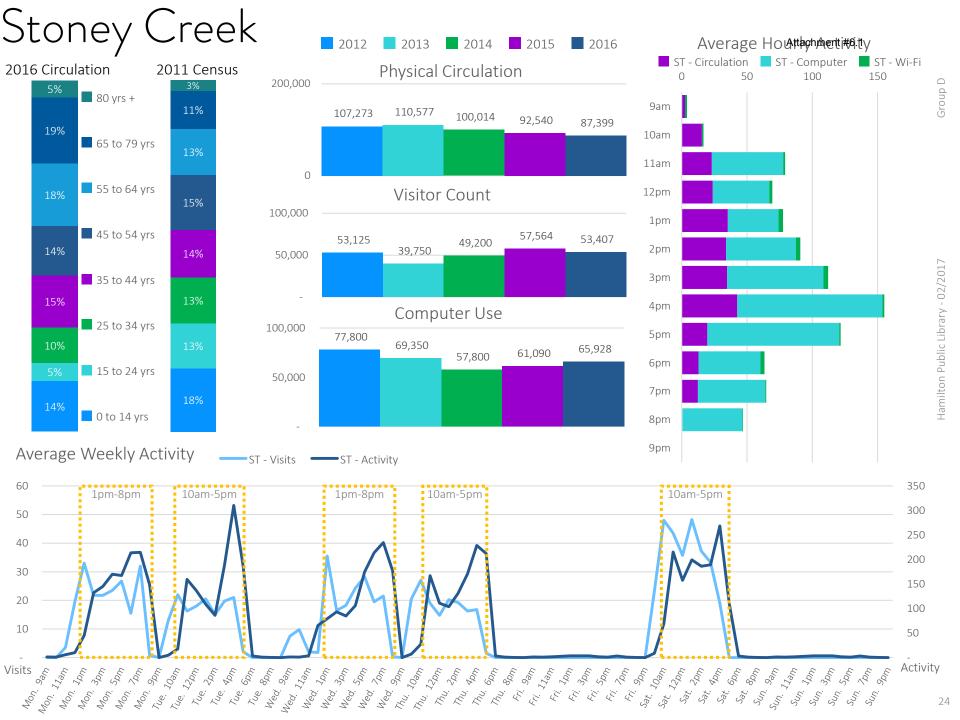

Activity levels average higher than 200 per hour but less than 500 Visits per hour between 20 and 60

Branches: Binbrook, Locke, Lynden, Stoney Creek

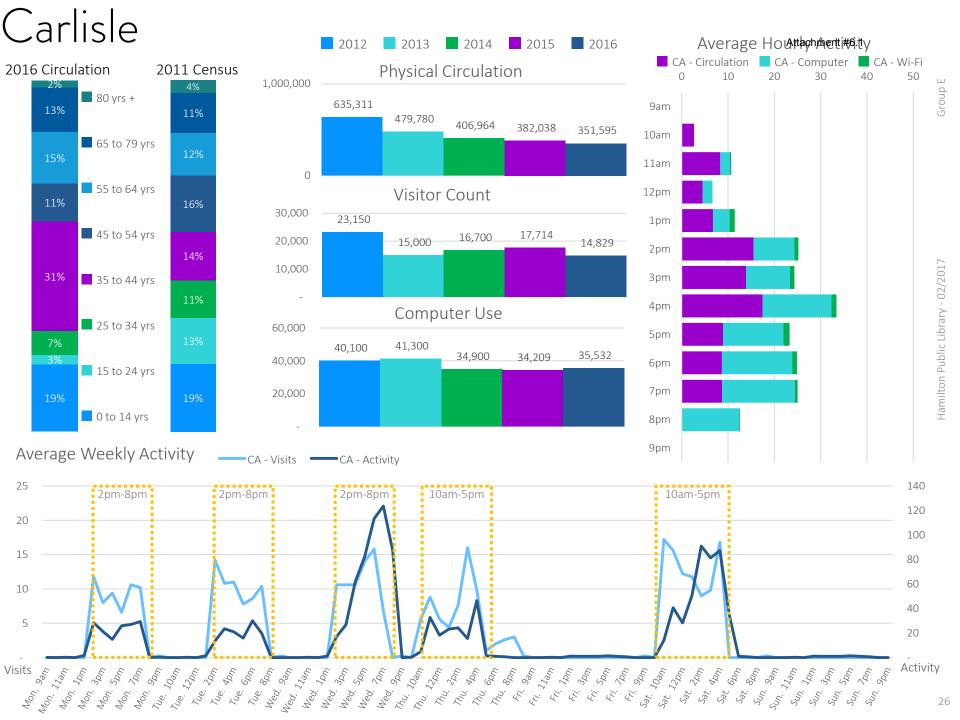

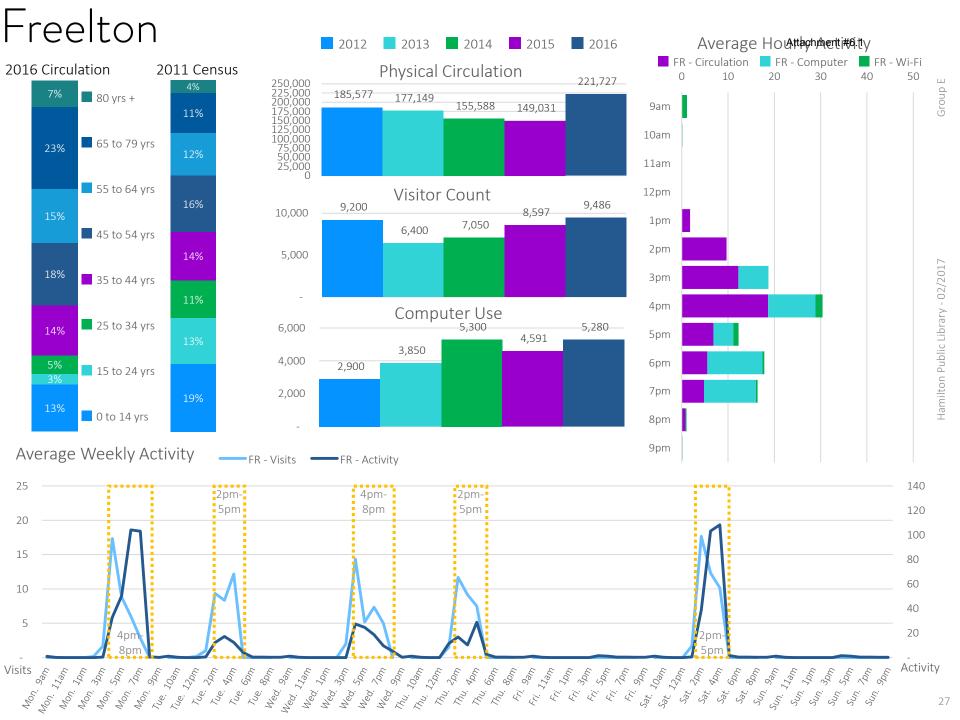

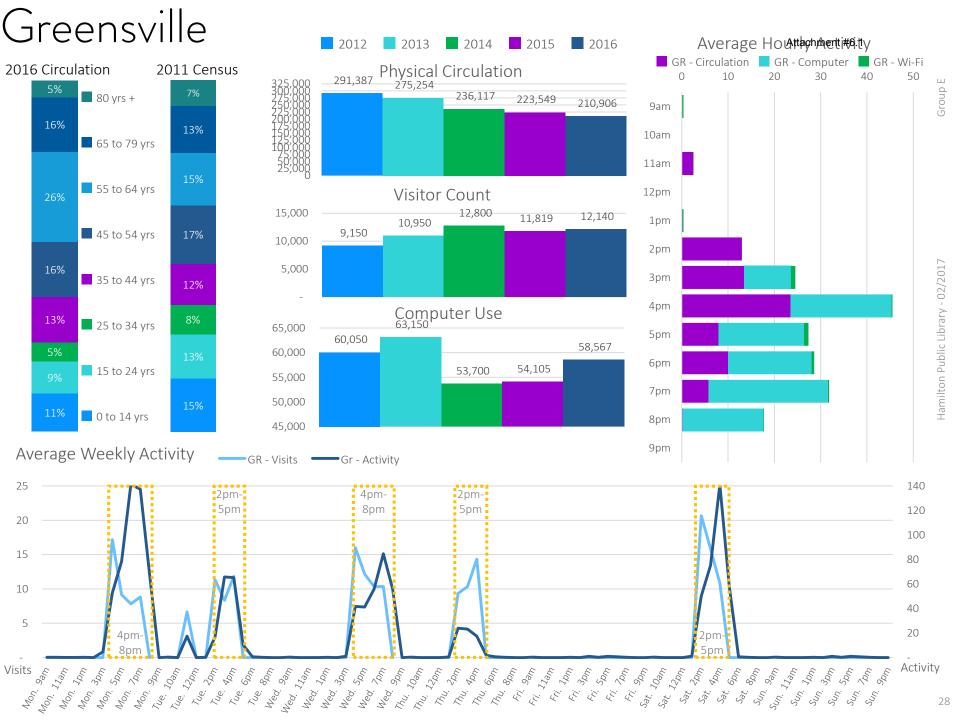

## Group E

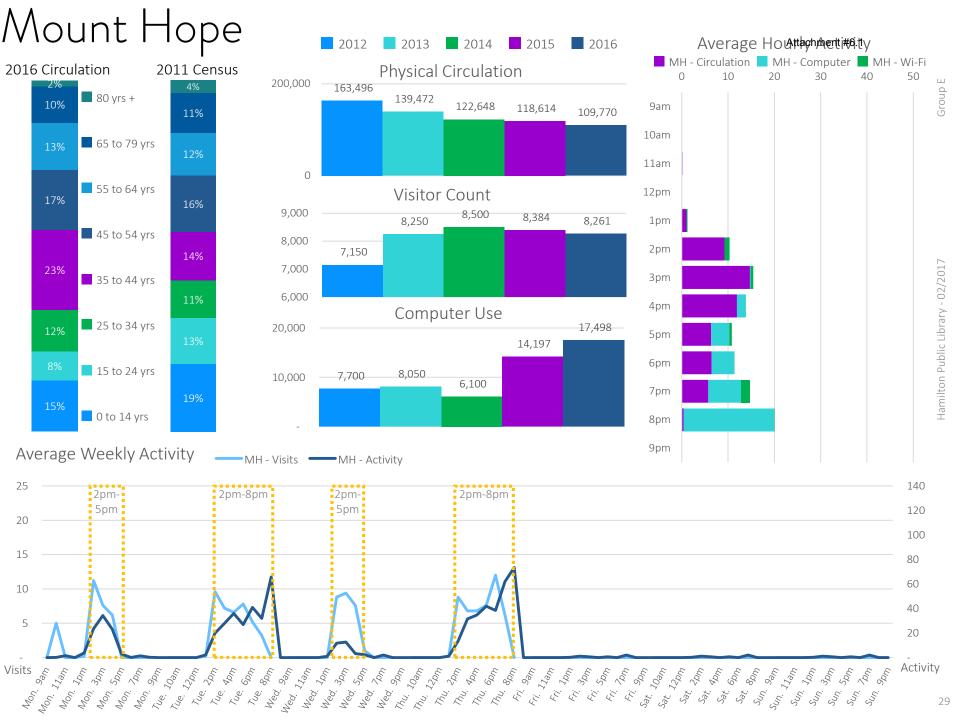

Activity levels average less than 50 per hour Visits per hour less than 25

**Subject: Rural Service Model Pilot** 

#### RECOMMENDATIONS

That the Hamilton Public Library Board approves establishing a pilot for the Rural Service Model at the Freelton branch based on the criteria established in this report.

That the Hamilton Public Library Board approves the allocation of up to \$35,000.00 from the Library Major Capital Projects Reserve (Acct #106008) for the purpose of carrying out this pilot.

That the Hamilton Public Library Board is committed to sustainably maintaining and enhancing library service in rural branches. The Library Board is committed to ensuring this model is not used to reduce overall staffing at rural branches.

That the Hamilton Public Library Board approves Bibliotheca as the authorized vendor to provide the technology for remote support and extended hours access for the Freelton Pilot.

#### FINANCIAL/STAFFING/LEGAL IMPLICATIONS

This pilot would allocate up to \$35,000.00 from the Reserve Funds (Library Major Capital Projects Reserve Acct #106008) for the purpose of upgrading the infrastructure at Freelton branch to support the model. Improved infrastructure will include equipment to support self serve, remote support, enhanced security and access. Future annual maintenance cost of the infrastructure is projected to be under \$10,000. In the event the new model is not adopted, most of the infrastructure improvements will be a valuable investment in the long term sustainability of the branch.

Staffing libraries is a key driver of our operating budget. Under the new model we are proposing a minimum of 4 hours a day of staffed core service hours for 6 days a week. Extended service hours will be reviewed and presented for approval by the Library Board after further study and consultations. The recommendation on the proposed hours will include any changes to staff costs. If this model proves successful we should not anticipate staffing levels will be reduced at our rural branches, however, future adjustments may be needed within the 6 rural branches (BI, CA, FR, GR, LY, MH) to maintain balance.

Page 2 of 4 Attachment #6.2

The Freelton pilot would start sometime in the fall of 2017. The implementation would be dependent on having the additional infrastructure in place.

Bibliotheca is the Library's authorized vendor for RFID technology and services. The door access and other systems need to communicate with existing systems including our integrated library system (ILS), security gates and cameras, and self check equipment. Bibliotheca has installations of their systems in Europe and one Pilot in the United States. By partnering with Bibliotheca to bring this technology to Canada and expand the pilots to North American libraries, HPL will be able to keep costs low. In our research we have not been able to find other vendors providing a similar service to Canadian libraries.

#### **BACKGROUND**

The Hamilton Public Library is comprised of both rural and urban libraries. Library service hours are determined by the Board. As a result of long-term periods of budget pressures on municipal governments during the 1980s & 1990's and post amalgamation in 2002, reduced hours and closed days were introduced to meet budget targets. In 2002, the Board set new standardized system hours to bring consistency between the 3 former systems which reduced library hours overall by 15.6% and reduced the staff complement to meet wage parity challenges.

To keep operating costs under control, rural branches that serve smaller populations were consolidated and are currently open for shorter hours which has led to limited usage and reduced opportunities to serve these communities. In recent years, targeted efforts to enhance service hours have provided several improvements but have not met the concerns that libraries need to be open more hours to meet the needs of residents and more fully position the library as a community beacon.

The proposed Rural Service Model Pilot will use technology to extend hours to open the Freelton branch beyond when staff are present and will provide easily accessed remote staff assistance for customers.

#### RURAL SERVICE MODEL PURPOSE

The purpose of pursuing this model is to transform the Return on Investment (ROI) for rural branches and prevent the need for future closures and consolidations. With the new model it is expected that there will be increased usage by the community while still working within existing budget constraints. This model could also set up the possibility of serving other rural areas in the future with viable and cost effective library service. While this model holds potential and promises to be successful in extending hours in our rural branches, it is not a model that could be replicated in a suburban or urban setting.

Page 3 of 4 Attachment #6.2

#### RURAL SERVICE MODEL DESCRIPTION

The Rural Service Model Pilot will use technology to extend the hours the branch is open to customers. The branch would be staffed during core hours based on local needs. Staff would be present every day the library is open. The branch would only be open for extended hours when library staff is available to provide remote assistance via the phone or video.

Freelton is currently open 3 to 4 hours a day over 5 days with Friday and Sunday closed. Under the new model we are proposing a minimum of 4 hours a day of staffed core service hours 6 days a week. Staff at Central will provide support for the Freelton pilot.

#### **BOARD COMMITMENT**

Just as previous Library Boards provided assurances that the application of RFID technology would not be used to eliminate jobs, it is important to commit to ensuring rural staffing overall will not reduced because of the model. Other important commitments include:

- HPL staff will provide remote support during the extended hours
- HPL staff will be present for core hours every day the library is open
- Overall, staffing levels will be maintained or potentially expanded although adjustments within the 6 rural branches may be necessary to provide balance.

While the Library Board cannot guarantee future municipal funding, this assurance would create a positive environment for investment in rural branches and will enhance services within current budget restraints. Also, increased activity levels in our rural branches will be helpful for ensuring future support.

#### **RURAL SERVICE MODEL PILOT SCOPE**

The following is in scope for the rural service model pilot at Freelton:

- 1. 2 way audio and video communication that supports easy and seamless connection of the customers with library staff when needed.
- 2. Remote intercom so library staff / security can make announcements.
- 3. Self-checkout and check-in to support customer self service.
- 4. Security gates to track customer visits and individual titles removed for proper accounting for any lost library materials. The gates' audible alarms would be turned off so errors do not create customer service issues.
- 5. High quality full video security camera coverage of the location, including coverage of entrances and exits, to ensure effective real-time monitoring and follow-up on investigations.
- 6. Automated door entry system that is remotely monitored and managed to open and close on a schedule. We are currently evaluating products to allow access to customers using their library cards during extended hours.
- 7. Electrical and network wiring changes to accommodate new technologies.
- 8. Minor facility renovations to secure non-public areas.

Page 4 of 4 Attachment #6.2

9. Technological infrastructure upgrades to increase bandwidth in the facility.

10. Establish metrics around material loss and library usage patterns by times of day and days of the week to assist in evaluating the impact.

#### **MOVING FORWARD**

Over the next few months we will coordinate with the Library Board Chair and Ward Councillors (14 & 15) regarding public consultations and communications about the model. The goal is to have the hours for the pilot determined by June. The implementation of the pilot is scheduled for the fall of 2017 and will be dependent on successful implementation of the infrastructure.

Staff will monitor the pilot and report any major issues to the Library Board on an ongoing basis. After 6 and 12 months, assessment reports will summarize the impacts on usage, community feedback and propose adjustments if needed. Should this model prove effective next steps would include recommending implementation at other rural locations.

Subject: Strategic Plan Update

#### **RECOMMENDATION:**

That the following plan be received for comment.

#### FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The Strategic Plan provides overall long term direction for the Library. Annually the Chief Librarian/CEO's Goals provide specific objectives for the year.

#### **BACKGROUND:**

In May 2012 the Library Board approved the current Strategic Plan for the period 2012-2016. We are currently working on updating that plan for the period 2017-2020. The purpose of this report is to provide timelines and more details about the process that will be followed this year. To date a survey of the vision and values has been completed.

#### PROPOSED TIMELINES AND SUMMARY OF KEY ACTIVITIES

Updating the strategic plan is an important activity but it is not urgent. These timelines could change if circumstances warrant. The timelines are based on the assumption that we are revising and improving the current strategic plan not developing a completely different vision.

- ✓ Mission, values survey February
- Feedback on plan and timelines March
- Adoption of plan and timelines April
- Board endorsement of current mission statement "Freedom to Discover" April
- Meeting User Needs IV feedback and adoption May/June
- Updated value definitions feedback and adoption— May/June
- Board Chair, Chief Librarian/CEO meeting with Councillors April, May, June
- Internal staff focus groups on strategic plan April, May, June
- Community feedback and consultations July, August, September
- Library Board Strategic Plan Retreat (special meeting) September
- Updated Strategic Priorities feedback and adoption October/November
- Communication and marketing around new plan starts December, January (in time for budget presentation)

Subject:

City of Hamilton's New Multi-Year Budget Process

Dear Mr. Takala:

At its meeting of December 14, 2016, Hamilton City Council passed sub-section (b) of Item 22 of the General Issues Committee Report 16-032, which reads as follows:

- 22. Multi-Year Budget Planning Sub-Committee Report 16-001, November 16, 2016 (Item 8.18)
  - (b) Proposed Multi-Year Business Planning and Budget Process (FCS16087) (City Wide) (Item 8.1) (attached hereto as Appendix "A" to Report 16-001)
    - (a) That all departments within the City of Hamilton adopt a Rolling Budget Cycle Without a Fixed Time Period as its Multi-Year Budget Process beginning with the 2018 Budget as per Appendix "M" attached to Report 16-032; and,
    - (b) That Hamilton Police Service, Hamilton Public Library and Hamilton Farmers' Market be requested to participate in the multi-year business planning and budget process.

Please place this matter on the next appropriate Hamilton Public Library Board agenda for their consideration. For additional details, respecting this process please contact either myself at (905) 540-6150 or <a href="Mike.Zegarac@hamilton.ca">Mike.Zegarac@hamilton.ca</a>; or Brian McMullen at (905) 546-2424 Ext. 4549 or Brian.Mcmullen@hamilton.ca.

We look forward to your response.

Sincerely,

Mike Zegarac General Manager

#### Chief Librarian's Report – March 2017

#### **GREAT ART FOR GREAT LAKES**

Hamilton Public Library was approached by Great Art for Great Lakes, a project of Waterlution.org, to participate in their upcoming Canada 150 project. This project is funded by a federal Canada 150 grant and a Trillium grant and will bring a local artist into the library to collaborate with the community and create an art piece to be acquired and displayed in the library. At this time we are pursuing this opportunity and looking forward to programming around the project to take place in summer and fall of 2017.

#### CHCH - TV PARTNERSHIP

HPL has signed the Memorandum of Understanding with Channel Zero CHCH – TV. Local History & Archives will be working in collaboration with CHCH-TV to digitize the station's historical news and sports footage. The station has a collection of over 15,000 hours of footage primarily from the 1950s & 1960s. As per our partnership with the Hamilton Spectator, CHCH-TV would retain copyright. The original footage will be transferred to Local History & Archives as it is digitized. HPL will have a digital copy to share for educational purposes and we will direct any copyright related request to CHCH-TV as we do currently with the Hamilton Spectator.

#### CITY SCHOOL BY MOHAWK

"College 101" is the newest course to be offered at the Circuit 4.0 by City School by Mohawk. This is intended to be an entry course for individuals who have not had any college experience and would like to make the transition. It runs Tuesday and Thursday evenings from February until May, and enrolment is full.

#### **GRANT FUNDING FOR SENIORS PROGRAMS**

HPL was successful in its application to the New Horizons for Seniors fund through the federal Ministry of Employment and Social Development Canada for \$24,000. The grant funds will be used to provide a series of weekly programs for homeless and marginalized seniors at Barton Branch and Central Library. The program structure has been designed with a community-led approach whereby homeless and marginalized seniors will be recruited to act as liaisons to assist with promoting the program and to assist in determining what activities participants would be interested in. Program funding covers the period ending on March 31, 2018.

Page 2 of 3 Attachment # 8.1

#### MARCH BREAK

HPL is offering a wide range of fun and free programs for March Break. From stories and sports to science, over 130 programs for kids, teens and families will be offered during the week. Highlights include Puppet Shows, Intro to Code with Ozobots, Let's Talk Science, Maker Carts, Sports Storytime and so much more. Details and a full listing of programs and events is available on the website.

#### **NATIONAL ENGINEERING MONTH**

HPL is partnering with the Professional Engineers Ontario Hamilton-Burlington Chapter to celebrate Engineering Month with a special Book Explorers program at the Central Library on Saturday, March 18. The program will include a blend of stories, science demonstrations and hands on activity stations. National Engineering Month is a celebration of engineering excellence with over 500 events across Canada that show Canadians how rewarding an engineering career can be.

#### LINC PROGRAM FUNDING UPDATE

HPL received an update on March 8, 2017 regarding funding for the Language Instruction for Newcomers to Canada (LINC) program. It notes that Immigration, Refugees and Citizenship Canada (IRCC) – formerly Citizenship and Immigration Canada - has approved HPL's request for funding for the LINC program for the next three years, 2017-2020. This funding will enable the continued delivery of LINC's one-to-one English tutoring program as well as support other programming including daily English for Seniors class and other activities. HPL receives approximately \$250,000 from the federal government for the LINC program, subject to change. We will keep the Board posted on developments.

#### MIND MATTERS: PSYCHOLOGY MONTH

After last year's success, HPL offered its Mind Matters series for the second year in partnership with Hamilton Health Sciences. Twelve sessions were offered at five different locations. It was well attended with "Assertiveness," "Being Mindful" and "Managing Big Emotions" as the most popular topic sessions.

#### JAPANESE FILM FESTIVAL

The Japanese Film Festival was held at Central Library in partnership with the Japan Foundation on Sunday, February 12 and 26. The movies were well received despite poor weather conditions for the first movie, *A Tale of Samurai Cooking* (42 in attendance). The second film, *Drops of Heaven*, had an attendance of 63 – the highest ever for a documentary, subtitled film.

#### COMPUTER SKILLS AND RESUME WORKSHOPS FOR YMCA YOUTH JOB CONNECTION

The Youth Job Connection Program helps youth between 15 to 29 years old who are having trouble finding employment. It is a paid, pre-employment training program to promote job-readiness. In collaboration with the YMCA, HPL staff developed and offered a two week public computer training program that covered computer basics and resume writing for this target group. Feedback was positive from both the participants and staff. YMCA has requested that this program run again in April, and staff are making modifications to offer a similar program to the public.

#### LINKED DATA UPDATE - LIBRARY. LINK NETWORK

HPL has been asked to join Zepheira's Beta Testing Team for the Library.Link Network Project formally known as Libhub. The Beta Team will provide testing support and feedback as to project developments and priorities.

#### HAMILTON FARMERS' MARKET 180<sup>TH</sup> ANNIVERSARY

This year marks the 180<sup>th</sup> anniversary of the Hamilton Farmers' Market. The Market opened on April 14, 1837. To help commemorate this incredible milestone, LH&A has created a Hamilton Farmers' Market album on Flickr Commons, LH&A displays in Central will have a Hamilton Farmers' Market focus for the month of April and we will be posting market images on social media to celebrate this occasion.

#### UNITED WAY COMMITTEE

On Wednesday March 9, the City of Hamilton's United Way Committee won the McMaster Leadership Giving Award. The McMaster University Leadership Giving Award is presented to an organization that most successfully motivated their peers to contribute personal gifts of \$1,200 or more and that organized the most exceptional Leadership Giving Campaign. Three HPL staff sit on the City's United Way Committee, as well as many more staff who donate their time, efforts, and money to the campaign.

**Subject: Annual Partnership Report** 

#### **RECOMMENDATION:**

That the Hamilton Public Library Board receives this report for information and feedback.

#### FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The Hamilton Public Library has a long history of successful partnerships. HPL partners to increase the impact of our work and to enhance the sustainability of programs and services. By partnering with organizations aligned with our goals we are able to avoid duplication of effort and share expertise.

#### **BACKGROUND:**

The Hamilton Public Library Board was presented with a Partnership Report in March 2016 with an assurance of annual updates. This annual report is not intended to be an exhaustive list of all partnerships. Rather it is intended to highlight major partnership and important developments. As this report illustrates, HPL continues to be a reliable and strong partner focused on moving Hamilton forward.

The attached report was generated from a partnership database maintained by staff to ensure effective internal communication and coordination. A few highlights of the 2017 report include the following new and emerging partnerships:

- The City of Hamilton's Xperience Annex provides support to youth from 18 to 29 years of age in achieving their educational or work goals. The program runs out of Central Library.
- City School by Mohawk College brings Hamilton's college into the community.
   City School offers tuition-free courses and workshops and serves as a base camp for the journey to post-secondary education. City School is offered at Central Library.
- McMaster University's Network for Community-Campus Partnerships along with several other community partners, are working to establish a social lab for the purpose of solving community issues.
- HPL's Code Clubs partnership the Industry Education Council continues to grow and evolve. In June, we will be hosting CodeFest a culminating celebration for all the students who have participated in IEC Code Clubs at their school through the year. We also have a robotics based Library visit is in developed and we are preparing to launch a pilot Code Club at the Central Library this spring.

## 2017 HPL Partnership List

N	Major Partnerships – well established and strategic partnerships		
Organization	Project/Program	Brief Description	
Best Start Network	Membership - Best Start Network	The Hamilton Best Start Network is comprised of members and community partners from over 50 organizations. The Best Start Network promotes the well-being of families and children prenatal to 12 by helping them reach their full potential. Subject: Federation of Ontario Public Libraries (FOPL) Statistics 2015

#### **RECOMMENDATION:**

That the FOPL report Ontario Public Library Operating Data 2006 -2015 be received for information and consideration.

#### FINANCIAL/LEGAL/STAFFING IMPLICATIONS

To be eligible for provincial funding, HPL along with the 310 library systems in Ontario need to report annual metrics to the Ontario Ministry of Tourism, Culture and Sport.

#### **BACKGROUND**

In February 2017 FOPL published the updated library statistics from the Ontario Ministry of Tourism, Culture and Sport that included the period 2006-2015. At the December 2016 meeting the Library Board received the summary report for the period ending in 2014. Once again we have extracted the information most relevant to the Hamilton Public Library.

HPL falls in Band 1 of larger libraries serving populations over 250,000. In the last report HPL ranked in the top 2 in all of the rank orders included in the report. We continue to rank very high, however, in the category of circulation per capita we dropped to third. In the other categories we ranked in the top 2, with being first in circulation per card holder and electronic material expenditure per capita. The rank order tables appear on pages 7-10 of the report.

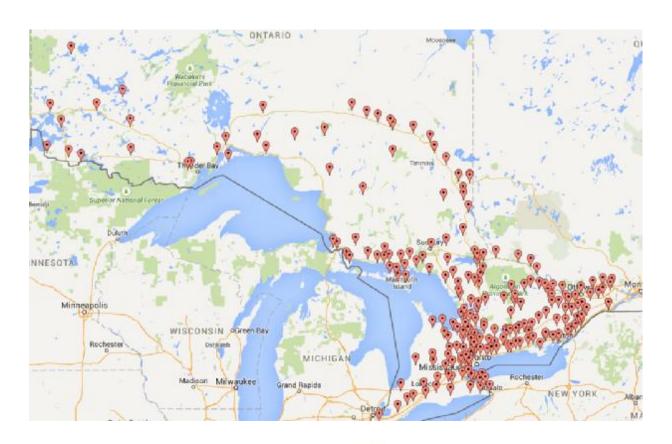

In terms of broader trends province wide a couple things to highlight:

- The trend we reported last year of active card holders not rising with the growing population seems to have accelerated somewhat in 2015.
- Overall circulation is higher than it has been historically but it appears to be stabilizing at a level below the peak in 2011.
- Operating expenditures for public libraries has been relatively flat over the last 10 years, with a modest upward trend.
- Program attendance continues to show healthy growth around the province.

ONE VOICE FOR ONTARIO PUBLIC LIBRARIES

FOPL Data Report February, 2017 Page 1

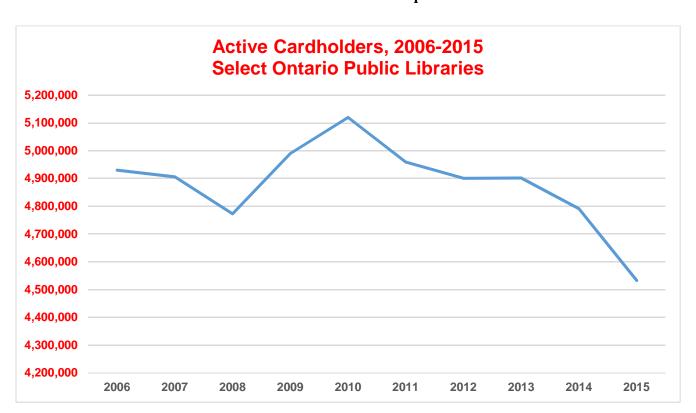

# Population and Circulation at Ontario Public Libraries, 2006-2015, All Reporting EACH Year FOPL Data Report, Fourth Series

We have two major methods for looking at these data in the following pages. One is to analyze aspects of all the 310 libraries reporting usable data in 2015. Data from libraries contracting for services with other libraries are generally included with the data from the libraries they contract with and we exclude them in this analysis. The second method of analysis is through trend analysis and this time, we analyze the 302 libraries reporting each year from 2006 to 2015. By focusing on only those libraries reporting each year, any changes we observe are not a result of a changing set of libraries but, rather, of changes in those libraries.

Generally, we see increases from 2006-2015 and smaller changes since then if not declines—particularly in what we might think of as "traditional" library services.

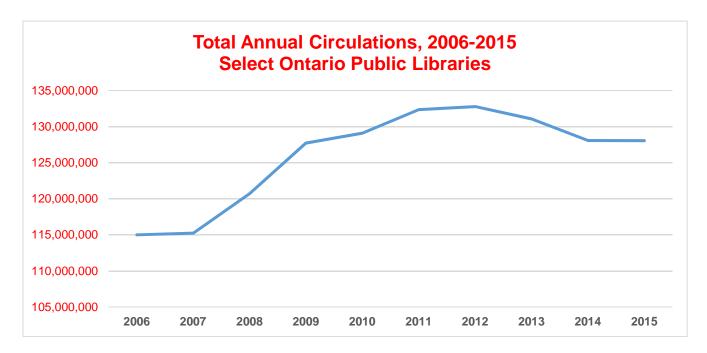

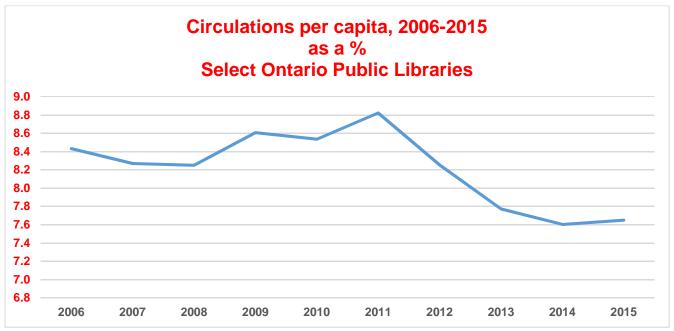

The number of active cardholders has declined over the period:

Note that in the data Table, the percentage of the population holding cards went down from 43% in 2006 to 34% in 2015. Suppose that in 2015, 43% of the population served by Ontario's libraries had cards? Rather than the 4.5 million who did hold cards, 5.8 million (1.3 million more) would have them in that alternate universe.

Circulations fell for the period, as did circulations per capita:

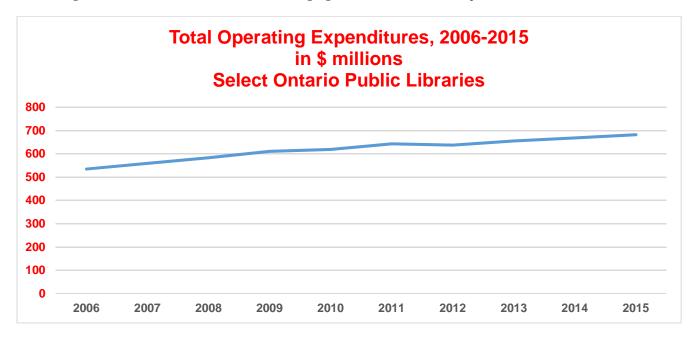

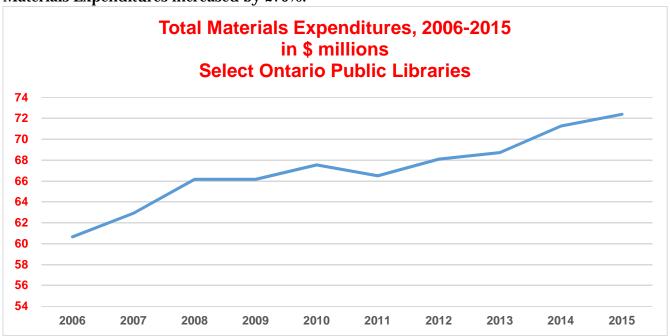

The picture we have seen, so far, shows that these traditional functions of libraries are steady or declining although the libraries are still heavily used in these ways.

#### What about resources?

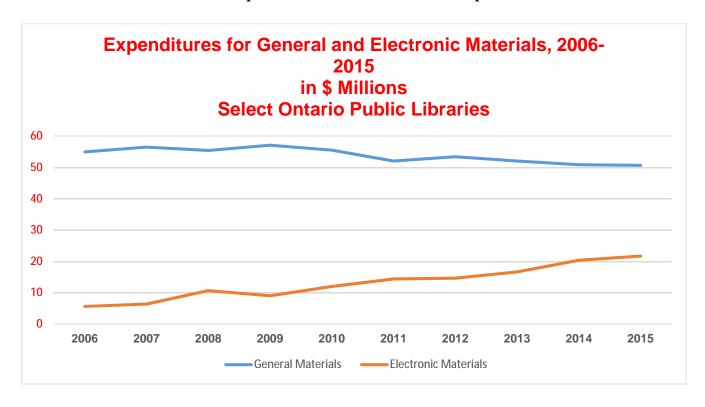

Total expenditures increased 27% (while population increased by 16%):

Materials Expenditures increased by 276%:

Note how the materials budget was allocated between general materials and electronic materials. It will come as no surprise that electronic materials expenditures have increased:

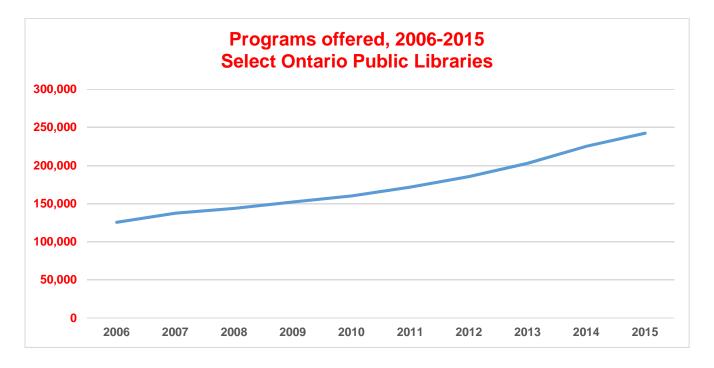

Expenditures for electronic materials went from 9% of the materials budget in 2006 to 30% in 2016

#### **Programs**

Another change we have highlighted in earlier reports is in Programs. That is, programs offered by the libraries and the programs' attendance. Mentioned above were two summary numbers: 1.7 million programs offered and 32.8 million attendees. These charts are on the following pages.

Programs offered increased over 90% from 125,596 to 242,362.

And attendance at those programs increased from 2.6 million in 2006 to 4.2 million (or 65%) over the period.

**Subject: 2016 Year End Variance Report** 

#### **RECOMMENDATION:**

That the net surplus of \$140,455 be transferred to reserve 106008 Major Capital Projects Reserve.

#### FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The budget variance as at December 31, 2016 is \$140,455 Favourable.

The 2016 surplus before year end transfers was \$670,287 with 2016 revenues of \$31,133,852 and 2016 expenditures of \$30,463,565.

Budgeted provisions to reserves were \$64,000. Repayment of the Hydro lighting retrofit was transferred to reserves in the amount of \$144,760. Transfers to reserves based on Board motions for account-specific revenues and surpluses were \$354,270. A year-end transfer *from* reserve of \$33,198 was made with respect to reserve funding previously approved related to the Youth Services Renewal initiative.

The net surplus of \$140,455 is recommended to be transferred to reserve 106008, the Major Capital Projects Reserve.

Below is a summary of the year-end surplus and reserve transfers:

Net Year End Surplus	\$140,455
Youth Services transfer from Reserve	33,198
Account Specific Surplus Transfers	(354,270)
Lighting Retrofit Repayment	(144,760)
Budgeted	(64,000)
Year End Reserve Transfers:	
Surplus before Reserve Transfers	\$670,287
Expenses before Reserve Transfers	(30,463,565)
Revenues before Reserve Transfers	2,181,022
Municipal Contribution	\$28,952,830

Page 2 of 6 Attachment #9.1

An explanation of the type of revenues and expenditures contained with each line of the Budget Variance Report is provided below along with an explanation of the significant variances.

#### **BACKGROUND:**

#### **REVENUES**

#### **GRANTS AND SUBSIDIES**

#### \$46,156 Favourable

This line includes the annual operating grant from the Province of Ontario which is budgeted at \$949,450 and funding by Provincial and Federal governments for specific grant programs such as Literacy Instruction for New Canadians (LINC). The annual operating grant from the province is paid in one lump sum and has been received in December. The claims for the funding for the grant programs are submitted monthly to the funding governments. The favourable variance is attributable to a \$24,850 New Horizons grant and higher than budgeted LINC funding.

#### **FEES AND GENERAL**

#### \$48,418 Favourable

Major items contained in this line are revenues from library fines, photocopier & printer revenues and third party contributions. The favourable variance is primarily related to third party contributions for amounts received from Hamilton Health Sciences related to the DISH worker as well as higher than budgeted photocopier revenues. Fine revenue of \$360,000 was under budget by \$37,000 partially offsetting the positive variance. The fine budget has been reduced for 2017.

#### RESERVES/CAPITAL RECOVERIES

#### 48.545 Favourable

The favourable variance is attributable to a \$33,198 transfer to operating from reserve 106012 Youth Programming related to the Youth Service Renewal initiative. In 2015, the Board approved funding of up to \$60,000 to renew Youth Services programming resources. A \$15,344 transfer from the City's Sick leave reserve is also contributing to the positive variance. This sick leave reserve funding is offset by costs charged to Employee Related Costs.

#### **EXPENSES**

#### **EMPLOYEE RELATED COSTS**

#### *\$543,016 Favourable*

This line includes all the employee related costs such as salaries, wages and government and employer benefits including medical, dental, OMERS, WSIB and Vested Sick Leave payouts. The variance is primarily due to lower than expected salary and wage expenses as a result of gapping.

Page 3 of 6 Attachment #9.1

#### CAPITAL FINANCING

#### \$66,847 Favourable

This line reflects the repayment of debentures issued by the City of Hamilton to fund Library capital projects. Actual interest payments were lower than budgeted by \$76,847. This does not contribute to the Library's surplus however since the capital financing surplus is transferred to City Reserves. The offsetting amount is including in the Reserves /Recoveries line. This line also includes the \$10,000 transfer to capital for the York St Doors Replacement Project.

#### FINANCIAL

#### \$49,434 Favourable

The favourable variance is primarily a result of savings in legal fees, collection fees, and processing fees. More detail on Financial expenses follows at the end of this report.

#### **MATERIALS AND SUPPLIES**

#### \$97,466 Unfavourable

Library materials and subscriptions make up the bulk of the budget for this area. While library materials was favourable (\$64,668), this was offset by an unfavourable variance related to subscriptions (\$58,729). Major contributors to the variance were costs related to Operating Equipment (\$62,934 unfavourable) and Furniture & Fixtures (\$57,521 unfavourable). Other major items offsetting this were for Operating Supplies (\$67,264 favourable). More detail on Materials and Supplies follows at the end of this report.

#### **VEHICLE EXPENSES**

#### \$31,322 Unfavourable

This line includes vehicle expenses such as costs for fuel and vehicle washing. It also includes fleet related work orders done by the City to maintain our vehicles. The unfavourable variance is mainly attributable to central fleet vehicle charges related to maintenance of the bookmobiles. The budget was reduced in 2016 by \$30,000 however expenses incurred have increased resulting in the unfavourable variance.

#### **BUILDINGS AND GROUNDS**

#### *\$74,538 Favourable*

This line includes building associated costs that are paid directly by the Library and not through a cost allocation from the City. It includes costs for security guards, heating, hydro, data and external telephone lines. The variance is mainly attributable to lower than budgeted AODA expenses. Savings in this line item

Page 4 of 6 Attachment #9.1

(\$100,000 favourable) were transferred to the Accessibility, Health, & Safety Reserve. Lower than budgeted hydro costs also contributed to the favourable variance. Higher than budgeted security costs (\$45,000 unfavourable) are offsetting the variance. The Security budget has been increased in the 2017 budget to account for the new permanent guard at the Barton Library.

#### **CONSULTING**

#### \$9,418 Unfavourable

There is no budget for consulting, however consulting services of \$9418 were utilized in the year.

#### **CONTRACTUAL**

#### \$214,584 Unfavourable

This line includes expenditures for items such as computers, servers, photocopiers, advertising, service contracts, collection agency fees, access copyright fees, interbranch courier service, and programming. Main contributors to the variance are related to higher than budgeted rent expenses, Polaris migration services, increased sorter maintenance costs, and programming related expenses. The rent and programming budgets have been increased for 2017 to better reflect actual expenses.

#### **RESERVES/RECOVERIES**

#### \$524,165 Unfavourable

This line includes expenses for the City's recovery of services and reserve transfers. Also included is the net operating surplus transfer of \$140,455. Other transfers to reserve include those for printer/ photocopier revenues (\$127,740) and donations (\$4232). In addition, surpluses in certain expense accounts related to AODA (\$100,000) and Computers & Servers (\$122,295) were transferred to reserves. Repayment to reserves for the Lighting Retrofit project were also transferred to reserves. The capital financing surplus transfer is also another unbudgeted transfer that results in an unfavourable variance for this line item.

**Subject: 2016 Year End Library Reserves Status** 

#### **RECOMMENDATION:**

That the 2016 Year End Library Reserves Status be received for information.

#### FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The balance of Library reserves was \$7,336,596 on January 1, 2016. Transfers to reserve totalled \$841,472 during 2016 (including the net surplus of \$140,455). Transfers from reserves in 2016 totalled \$1,403,129 related to Board approved transfers from 2016 and previous years.

The total reserve balance as of December 31, 2016 was \$6,774,939.

A summary of 2016 reserve activity as well as approved and future commitments follows at the end of this report.

#### BACKGROUND:

Transfers to reserve in 2016 totalled \$841,472. Transfers to reserve include interest income allocated to reserves (\$137,987), budgeted provisions to reserves (\$64,000), repayment of the Hydro lighting retrofit (\$144,760), Board-approved motions for the transfer of account specific surpluses to reserves (\$354,270), and the net year end surplus (\$140,455).

Transfers from reserve in 2016 totalled \$1,403,129 and were made up of transfers approved by the Board in 2016 and previous years related to various projects as outlined in the attached summary.

The total reserve balance as of December 31, 2016 was \$6,774,939.

Previously approved but not yet transferred commitments total \$3,148,792, which brings the total reserve balances net of board approved commitments to \$3,626,147.

In addition, \$1,016,789 has been earmarked for specific purposes. These funds include \$530,000 received from the sale of the second floor of the Saltfleet library back to the Hamilton Wentworth District Catholic School Board, which are to be repurposed back into the Stoney Creek area in the future. An additional \$186,000

Page 2 of 4 Attachment #9.2

was received as a tenant allowance for the Sherwood branch and is to be used for future enhancements to Sherwood. Annual printer revenue is transferred to reserves for future purchases of printers - \$300,789 has been set aside to date and includes \$127,740 in printer revenues transferred to reserves in 2016.

Future commitments are items identified by Library staff as potential future expenditures, but have not yet been approved by the Library Board. These include items such as a new Bookmobile (\$250,000) and courier van (\$35,000). The existing courier van is nearing the end of its useful life. The transfer of proceeds from the sale of the CIBC building (\$287,071) were approved by the Board in February 2017 to fund in part the Locke Branch Improvements.

After taking into account the above earmarked funds and future commitments, the available unallocated balance in library reserve funds is \$2,037,287 as of December 31, 2016.

A summary of 2016 reserve activity as well as approved and future commitments has been appended to this report.

Subject: Library Board Policy Manual – 1<sup>st</sup> Review

#### **RECOMMENDATION:**

That the updated Library Board Policy Manual be received for feedback.

#### FINANCIAL/LEGAL/STAFFING IMPLICATIONS

The Hamilton Public Library is governed under the Ontario Public Libraries Act and City of Hamilton By-Law No. 04-019. The Library Board is responsible for the effective governance of the organization. The Library Board establishes the mission and strategic priorities and it adopts policies that govern the development and overall scope of program and services. The Library Administration Team develops operational policies and procedures that are consistent with Library Board policies and ensure compliance with relevant legislation.

#### **BACKGROUND**

The Library Board Policy Manual has been developed to gather in one place all Library Board Policies, as well as, key governance documents. The Policy Manual has been revised several times over the past couple years. This draft is being presented to the Library Board for comment. It will be brought back to the Library Board for adoption at a subsequent Board meeting.

A few things of note about this version of the manual include:

- **Schedule of Policy Review** a consolidated list of all policies with their last revision date, as well as, a proposed next date for next revision (Pages 3-4).
- **Updated Core Position Statements** with the establishment of the Canadian Federation of Library Associations (CFLA) all the relevant Canadian Library Association (CLA) have been transferred to the new organization. The HPL policy needed to be updated to reflect this change (Pages 43-55).
- **Rules for Going** *In-Camera* The briefing document on the rules for going *In-camera* has been included (Pages 39-41)
- Updated Policies Policies that have updated since the last version have been included.

Board members are requested to provide feedback to the Board Secretary. For the manual we are looking for input on the Policy Review Schedule, typos, minor errors and format suggestions. If a Board member thinks a policy is in need of significant revisions, that policy should be scheduled to be revised at an upcoming meeting.

The Library Board Policy Manual is attached in a separate document.
