Audit results and Reportable matters

Audit results

Our audit did not identify any misstatements.

Internal control

Management is responsible for the design and operation of an effective system of internal control that provides reasonable assurance that the accounting system provides timely, accurate and reliable financial information, and safeguards the assets of the entity.

Through our role as auditors of your financial statements we possess an understanding of the entity and its environment, including internal control. However, a financial statement audit is not designed to provide assurance on internal control. Professional standards do require us to communicate to the audit committee significant deficiencies and material weaknesses in internal control that have come to our attention in the course of performing the audit.

During the course of performing our audit, we did not identify any such reportable weaknesses in internal control.

Significant new accounting policies

There were no significant new accounting policies noted in the year.

Controversial, emerging or unique accounting policy issues

There were no new controversial, emerging or unique accounting policies issues noted.

Cooperation during the audit

We report that we received full cooperation from the employees of Hamilton Public Library Board. To our knowledge, we were provided access to all necessary records and other documentation and any issues that arose as a result of our audit were discussed with staff and have been resolved to our satisfaction.

Consultations with other accountants

To our knowledge, management did not seek the advice or opinion of other external accountants on financial reporting or accounting matters.

Fraud and illegal acts

Our inquiries of management did not reveal any fraud or illegal acts.

Independence

As external auditors of Hamilton Public Library Board, we are required to be independent in accordance with Canadian professional standards. These standards require that we disclose to the Audit Committee all relationships that, in our professional judgement, may reasonably be thought to bear on our independence. We have provided a letter to the Board, presented as Appendix C of this report which confirms our independence with respect to Hamilton Public Library Board.

Technical updates

Accounting standards

Recent changes in accounting standards were included in our planning memorandum for the February 12, 2008 meeting of the Audit Committee.

Appendix A - Draft auditors' report

DRAFT

To the Board Members, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the consolidated statement of financial position of Hamilton Public Library Board as at December 31, 2007 and the consolidated statement of financial activities and changes in financial position for the year then ended. These financial statements are the management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as explained in the following paragraph, we conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

The Hamilton Public Library Board derives revenue from donations and cash sales, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Hamilton Public Library Board and we were not able to determine whether any adjustments might be necessary to donations and other revenue, net expenditures, assets and fund balances.

In our opinion, except for the effect of adjustments, if any, which we may have determined to be necessary had we been able to satisfy ourselves concerning the completeness of the revenue referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the Hamilton Public Library Board as at December 31, 2007 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

Budget figures are provided for comparative purposes and have not been subject to audit procedures. Accordingly, we do not express any opinion regarding the budget figures.

The Audit Committee of The Hamilton Public Library Board

Dear Members of the Audit Committee:

We have been engaged to audit the financial statements of Hamilton Public Library Board for the year ending December 31, 2007.

Canadian generally accepted auditing standards (GAAS) require that we communicate at least annually with you regarding all relationships between the organization and Grant Thornton LLP that, in our professional judgement, may reasonably be thought to bear on our independence.

In determining which relationships to report, these standards require us to consider relevant rules and related interpretations prescribed by the appropriate provincial institute and applicable legislation, covering such matters as:

- (a) holding a financial interest, either directly or indirectly, in a client;
- (b) holding a position, either directly or indirectly, that give the right or responsibility to exert significant influence over the financial or accounting policies of a client;
- (c) personal or business relationships of immediate family, close relatives, partners or retired partners, either directly or indirectly, with a client;
- (d) economic dependence on a client; and
- (e) provision of services in addition to the audit engagement.

We are not aware of any relationships between the organization and ourselves that in our professional judgement may reasonably be thought to bear on our independence that, have occurred from April 11, 2007, the date of our last letter, to May 9, 2008.

GAAS requires that we confirm our independence to the Audit Committee. However, since the Rules of Professional Conduct of the Institute of Chartered Accountants of Ontario deal with the concept of independence in terms of objectivity, our confirmation is to be made in that context.

Accordingly, we hereby confirm that we are objective with respect to the organization within the meaning of the rules of professional conduct of the Institute of Chartered Accountants of Ontario as of May 9, 2008.

This report is intended solely for the use of the Audit Committee, management and others within the organization and should not be used for any other purposes.

We look forward to discussing with you the matters addressed in this letter as well as other matters that may be of interest to you.

Yours very truly,

1. Summary of significant accounting policies

The consolidated financial statements of the Hamilton Public Library Board (the Board) are prepared by management in accordance with generally accepted accounting principles for local governments, as recommended by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants.

Certain comparative figures in these consolidated statements have been reclassified from statements previously presented to conform to the presentation adopted for the current year.

Significant aspects of the accounting policies adopted by the Board are as follows:

Basis of Accounting

Revenues are reported on the accrual basis of accounting which recognizes revenues as they become available and measurable, with the exception of fines and other desk receipts which are reported on the cash basis of accounting. Expenditures are reported on the accrual basis of accounting which recognizes expenditures as they are incurred and measurable as a result of a receipt of goods or services and the creation of a legal obligation to pay.

Capital Assets

Effective January 1, 2007, the Board adopted Accounting Guideline 7 (PSG-7) of the Public Sector Accounting Handbook of the Canadian Institute of Chartered Accountants ("CICA") with respect to the disclosure of tangible capital assets for local governments. PSG-7 provides transitional guidance on presenting information related to tangible capital assets until Section 3150 - Tangible Capital Assets of the Public Sector Accounting Handbook comes into effect on January 1, 2009.

During 2007, the Board continued to work towards compliance with the new recommendations for accounting for tangible capital assets. The Board is working towards having a complete listing of assets and values and is expected to be completed by December 31, 2008.

The historical cost and accumulated amortization for capital assets are not recorded. Purchases of capital assets are charged directly to operations in the year in which the expenditures occur.

Fund Accounting

Funds with the consolidated financial statements consist of the operating and reserve funds. Transfers between the funds are recorded as adjustments to the appropriate fund balance.

Reserves for Future Expenditures

Certain amounts, as approved by the Board, are set aside in reserves for future operating and capital expenditures. Transfers to and from reserves are reflected as an adjustment to the respective fund.

1. Summary of significant accounting policies (continued)

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Budget figures

Budgets are only established for the Current Fund.

2. Due from City of Hamilton

The balance due from the City of Hamilton is non-interest bearing and has no set terms of repayment.

3. Liability for Future Benefits

In accordance with PSAB guidelines the Board is required to report obligations for retirement benefits earned over the employment period of its employees.

Employees who have retired either under the OMERS early retirement provisions or otherwise are eligible to receive drug, extended health services and dental benefits for the lifetime of the retiree. Effective January 1, 2002 new retirees only receive benefits until age sixty-five.

The Board recognizes the post employment benefit costs as they are earned during the year. The Board's obligation under the post employment provisions of employment agreements will be funded out of current revenue.

3. Liability for Future Benefits (continued)

The continuity of employee benefits and other obligations are summarized as follows:

Liability for Employee Reposite and Other Obligations	<u>2007</u>
Liability for Employee Benefits and Other Obligations balance at beginning of the year	\$ 2,048,609
Benefit expenditure	42,798
Interest expenditure	141,041
Amortization of actuarial loss	32,326
Benefit payments	(139,470)
Liability for Employee Benefits and Other Obligations	
balance at end of the year	\$ <u>2.125.304</u>

(a) Liability for vested sick leave

Effective May 1, 1982 the Income Protection Plan was adopted and sick leave credits earned under the Sick Leave Benefit Plan were frozen. Under the Sick Leave Benefit Plan unused sick leave would accumulate and employees were entitled to cash payment upon termination of services after ten continuous years. Entitlement to cash payment continues to apply to those employees who accumulated days, to the extent that they have vested and could be taken in cash by an employee on termination. An actuarial valuation as at December 31, 2004 estimated the accrued benefit obligation at \$162,340. The assumptions used to calculate the accrued benefit obligation include a discount rate of 6%, an inflation rate of 3.0% and future salary and wage increases of 4%. Changes in valuation assumptions resulted in a decrease in the liability to \$162,340 from the expected liability of \$252,270 as at December 31, 2004. The actuarial gain of \$89,930 is being amortized over thirteen years representing the expected average remaining service life expectancy of the members of the employee groups. The estimated accrued benefit obligation at December 31, 2007 is \$209,119 (2006 - \$192,232)

(b) Liability for retirement benefits

The Board provides certain health, dental and life insurance benefits between the time an employee retires under the Ontario Municipal Employees Retirement System (OMERS) or the normal retirement age and up to the age of 65 years. An actuarial valuation at December 31, 2004 estimated the accrued benefit obligation at \$2,135,994. The accrued benefit obligation was determined using a discount rate of 6.0% and inflation rate of 3%. Medical costs were assumed to increase at a rate of 7.5% in 2005 and reduce by 0.5% per year to 4.5% in 2011 and thereafter. Dental costs were assumed to increase at 4.5% per year. Changes in valuation assumptions have resulted in an increase in the liability to \$2,135,994 from the expected liability of \$1,631,000 as at December 31, 2004. The actuarial loss of \$504,994 is being amortized over 13 years representing the average remaining service life expectancy of the plan members in various groups. The estimated accrued benefit obligation at December 31, 2007 is \$2,234,272 (2006 - \$2,206,790).

4. Long term debt

The City charges the Library principal and interest for long term debt, as well as sinking fund charges, related to Library facilities and other capital. These charges are funded by the City through its annual contributions. The debt is not disclosed on the statement of financial position as the City of Hamilton is legally responsible for repayment of the debt.

(a) The net long term debt to which these charges are related is as follows:

7. Pension agreements

The Hamilton Public Library makes contributions to the Ontario Municipal Employees Retirement System (OMERS), which is a multi-employer plan, on behalf of 280 members of its staff. The plan is a defined benefit plan, which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay.

The latest actuarial valuation as at December 31, 2003 indicated that current member and employer contributions were sufficient to fund future benefits. Contributions were made in the 2007 calendar year at rates ranging from 6.5% to 9.6% depending on the level of earnings. As a result, \$919,527 was contributed to OMERS (2006 - \$834,851) for current service.

8. Commitments

Minimum future lease payments for various premises and equipment are as follows:
