

NATURE SCAVENGER HUNT

Get outside and look at nature all around you!

Nature Scavenger Hunt

Explore your backyard or your local park! With your scavenger hunt scorecard, explore your surroundings or your home to find each item. Then learn all about the nature around you with our fun and interactive online resources.

Suggested Materials:

- A printout of the Nature Scavenger Hunt template (if you don't have a printer, simply make your own list on a piece of paper)
- Pencil or anything to write with

Directions:

Get out into the fresh air of your backyard or neighbourhood and start exploring. What kind of nature do you see around you? Check out the scorecard and see how many items you can check off. Can you get a row? Or the whole page? We can discover an amazing world of urban Canadian nature all around us when we start to look.

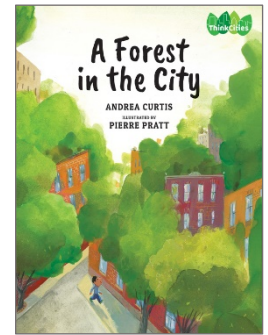

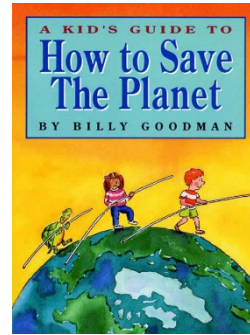

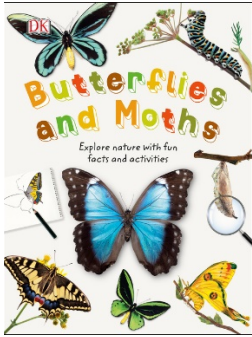

Inside Options:

Before we go outside, we want to make sure it is safe to do so while maintaining safe social distance. If we do not have adequate space outside or you do not want to leave your backyard you can:

- With a printer: Print our template twice and cut out the pictures from one of the pages. Have your parents hide the pictures around your home. Now with the second copy of the scavenger hunt template start to search and check off the pictures you find.
- Without a Printer: Take a look at our Scavenger Hunt template and draw your own objects. Have a parent hide your very own pictures around the home. Collect them all to finish.
