RIOAPTC RATT

## Puzzle #2

The good doctor sometimes uses what are called Roman numerals. If:

C=100
L=50
X=10
I = 1

What do you think this Roman numeral is?

CLXI

Bonus question!
What time is it?

## Puzzle #3

Dr. Hess has left us a message in code to help us find his nautilus gears! Can you decode it? It looks like each letter in the code is shifted to the right in the alphabet.
